Section 3 Rules and Regulations

Purpose of Section 3 [24 CFR Part 75]

This part establishes the requirements to be followed to ensure the objectives of Section 3 of the Housing and Urban Development Act of 1968 [12 U.S.C. 1701u] (Section 3) are met. The purpose of Section 3 is to ensure that economic opportunities, most importantly employment, generated by certain HUD financial assistance shall be directed to low-and very low-income persons, particularly those who are recipients of government assistance for housing or residents of the community in which the Federal assistance is spent. The County of Lehigh Section 3 Action Plan provides guidance on Section 3 compliance when incorporating the following funding sources into applicable activities:

- Community Development Block Grant (CDBG)
- HOME Investment Partnerships
- Housing Trust Fund (HTF)
- Neighborhood Stabilization Program Grants (NSP 1, 2, & 3)
- Housing Opportunities for Persons with AIDS (HOPWA)
- Emergency Solutions Grants (ESG)
- University Partnership Grants
- Economic Stimulus Funds
- 202/811 Grants
- Lead Hazard Control Grants
- Healthy Homes Production Grants
- Rental Assistance Demonstration

Section 3 Projects [24 CFR 75.3(a)]

Section 3 projects mean housing rehabilitation, housing construction, and other public construction projects assisted under HUD programs that provide housing and community development financial assistance when the total amount of assistance to the project exceeds a threshold of \$200,000. The threshold is \$100,000 where the assistance is from the Lead Hazard Control and Healthy Homes programs, as authorized by Sections 501 or 502 of the Housing and Urban Development Act of 1970 (12 U.S.C. 1701z-1 or 1701z-2), the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4801 *et seq.*), and the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851 *et seq.*). The project is the site or sites together with any building(s) and improvements on the site(s) that are under common ownership, management, and financing.

Applicability of Section 3 Requirements for Individual Projects

The requirements of Section 3 apply to the entire project that is funded with Section 3 covered financial assistance, regardless of whether the Section 3 project is fully or partially funded with housing and community development financial assistance. Accordingly, \$200,000 of Section 3 covered financial assistance is invested into a project involving housing demolition, rehabilitation, or construction, or the rehabilitation or construction of public buildings, facilities, or infrastructure, the requirements of Section 3 apply to the entire project, both HUD and non-HUD funded portions.

The threshold is \$100,000 where the assistance is from the Lead Hazard Control and Healthy Homes programs, as authorized by Sections 501 or 502 of the Housing and Urban Development Act of 1970 (12 U.S.C. 1701z-1 or 1701z-2), the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4801 *et seq.*) and/or the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851 *et seq.*). Please

be aware that activities focused only on mitigating lead paint hazards only does not constitute housing rehabilitation.

Section 3 Requirements [24 CFR 75.19]

a) Employment and Training

1) To the greatest extent feasible, and consistent with existing Federal, state, and local laws and regulations, recipients covered by this subpart shall ensure that employment and training opportunities arising in connection with Section 3 projects are provided to Section 3 workers within the nonmetropolitan county in which the project is located.

2) Where feasible, priority for opportunities and training described in paragraph (a)(1) of this section should be given to:

- i. Section 3 worker residing within the service area or the neighborhood of the project, and;
- ii. Participants in YouthBuild programs

b) Contracting

1) To the greatest extent feasible, and consistent with existing Federal, state, and local laws and regulations, recipients covered by this subpart shall ensure contracts for work awarded in connection with Section 3 projects are provided to business concerns that provide economic opportunities to Section 3 workers residing within the nonmetropolitan county in which the project is located.

2) Where feasible, priority for contracting opportunities described in paragraph(b)(1) of this section should be given to:

- i. Section 3 business concerns that provide economic opportunities to section 3 workers residing within the service area or the neighborhood of the project, and
- ii. YouthBuild programs

Responsibilities of Recipient Agencies Under Section 3

Recipient (Lehigh County) is required to ensure its own compliance and the compliance of its subrecipients with the Section 3 regulations, as outlined at 24 CFR part 75. These responsibilities include but are not limited to the following:

Designing and implementing procedures to comply with the requirements of Section 3

Recipient must take an active role in ensuring Section 3 compliance. The first step is implementing procedures to ensure that all parties, including subrecipient, residents, businesses, contractors, and subcontractors, comply with Section 3 and maintain records verifying that compliance.

Facilitating the training and employment of Section 3 workers

Recipient must act as a facilitator, connecting Section 3 workers to training and employment opportunities.

Facilitating the award of contracts to Section 3 Business Concerns

Recipient must also work to link developers and contractors with capable Section 3 business concerns. Additionally, Recipient, when necessary, may direct Section 3 business concerns to organizations that provide capacity-building training.

Ensuring Contractor and Subcontractor Awareness and Compliance with Section 3 Benchmarks and Responsibilities

Recipient is responsible for ensuring that contractors and subcontractors are aware of, and in compliance with, Section 3 requirements.

Ensuring Compliance and Meeting Numerical Benchmarks

Recipient shall ensure compliance with Section 3 by assessing the hiring and subcontracting needs of contractors; regularly monitoring contractor compliance; require assistance and active cooperation from subrecipients in obtaining the compliance of contractors; penalizing non-compliance; providing incentives for good performance; and refraining subrecipients from entering into contracts with any contractor that previously failed to comply with the requirements of Section 3.

What Do “Best Efforts” and “to the Greatest Extent Feasible” Mean?

“Best efforts” and “greatest extent feasible” are statutory terms, used in the statute in different contexts. As such, HUD uses both terms to track compliance, and there are many ways to interpret the language. Traditionally, HUD has used the terms interchangeably, as referenced in the statute, and will continue to be consistent with the statutory language. These terms are integral to the statutory intent and provide flexibility, rather than administrative burden, to recipients and subrecipients of HUD funding. HUD has determined not to define the difference between these two terms but rather to increase the emphasis on outcomes because of these efforts. HUD program staff will evaluate the level of effort expended by those recipients that fail to meet the benchmark safe harbor, and thus will ensure that the statutory terms are being properly enforced. HUD included a list of examples in the regulations at 24 CFR §§75.15 and 75.25, including engagement in outreach efforts to generate job applicants who are Targeted Section 3 workers, providing training or apprenticeship opportunities, and providing technical assistance to help Section 3 workers compete for jobs (e.g., resume assistance, coaching).

Reporting Requirements and Demonstrating Compliance to the Greatest Extent Feasible

Reporting [24 CFR Part 75.15]

a) Reporting of labor hours

1) Recipient must report the following data per Section 3 activity:

- i. The total number of labor hours worked;
- ii. The total number of labor hours worked by Section 3 workers; and
- iii. The total number of labor hours worked by Targeted Section 3 workers

2) Section 3 workers’ and Targeted Section 3 workers’ labor hours may be counted for five (5) years from when their status as a Section 3 worker or Targeted Section 3 worker is established pursuant to §75.31.

3) The labor hours reported under paragraph (a)(1) of this section must include the total number of labor hours worked with applicable public financial assistance in the fiscal year of Recipient (October 1 – September 30), including labor hours worked by any contractors and subcontractors that Recipient is required, or elects pursuant to paragraph (a)(4) of this section, to report.

4) Recipient and its subrecipients, as well as contractors and subcontractors who report to Recipient and/or its subrecipients, may report labor hours by Section 3 workers, under paragraph (a)(1)(ii) of this section, and labor hours by Targeted Section 3 workers, under paragraph (a)(1)(iii) of this section, from professional services without including labor hours from professional services in the total number of labor hours worked under paragraph (a)(1)(i) of this section. If a contract covers both professional services and other work and Recipient, its subrecipient, contractor, or subcontractor chooses not to report labor hours from professional services, the labor hours under the contract that are not from professional services must still be reported.

5) Recipient and its subrecipients may report on the labor hours of a contractor, or a subcontractor based on the employer's good faith assessment of the labor hours of a full-time or part-time employee informed by the employer's existing salary or time and attendance-based payroll systems, unless the project or activity is otherwise subject to requirements specifying time and attendance reporting.

b) Additional Reporting if Section 3 Benchmarks are Not Met

If Recipient's reporting under paragraph (a) of this section indicates that the subrecipient has not met the Section 3 benchmarks described in §75.13, Recipient must report in a form prescribed by HUD on the qualitative nature of its Section 3 compliance activities and those of its subrecipient, contractors and subcontractors. Such qualitative efforts may, for example, include but are not limited to the following:

- 1) Engaged in outreach efforts to generate job applicants who are Targeted Section 3 workers.
- 2) Provided training or apprenticeship opportunities
- 3) Provided technical assistance to help Section 3 workers compete for jobs (e.g. resume assistance, coaching)
- 4) Provided or connected Section 3 workers with assistance in seeking employment including: drafting resumes, preparing for interviews, and finding job opportunities connecting residents to job placement services
- 5) Held one or more job fairs
- 6) Provided or referred Section 3 workers to services supporting work readiness and retention (e.g., work readiness activities, interview clothing, test fees, transportation, childcare)
- 7) Provided assistance to apply for/or attend community college, a four-year educational institution, or vocational/technical training
- 8) Assisted Section 3 workers to obtain financial literacy training and/or coaching
- 9) Engaged in outreach efforts to identify and secure bids from Section 3 business concerns
- 10) Provided technical assistance to help Section 3 business concerns understand and bid on contracts
- 11) Divided contracts into smaller jobs to facilitate participation by Section 3 business concerns
- 12) Provided bonding assistance, guaranties, or other efforts to support viable bids from Section 3 business concerns
- 13) Promoted use of business registries designed to create opportunities for disadvantaged and small businesses
- 14) Outreach, engagement, or referrals with the state on-stop system as defined in Section 121(e)(2) of the Workforce Innovation and Opportunity Act.

c) Reporting Frequency

Unless otherwise provided, Recipient must report annually to HUD under paragraph (a) of this section, and, where required, under paragraph (b) of this section, in a manner consistent with reporting requirements for the applicable HUD program. Subrecipients shall collect the Utilization report (see Resource section) from the prime contractor at the end of the project activity.

Reporting Requirements for Contracts under the old Part 135 rule

On and after November 30, 2020, Section 3 regulations codified at 24 CFR Part 135 (the old rule) have not applied and will not apply to new grants, commitments, contracts, or projects. Contracts executed or projects for which assistance or funds were committed prior to November 30, 2020 are still required to adhere to the requirements of the old rule. Recipients of such assistance or funds will still be expected to maintain records of Section 3 statutory, regulatory, and contractual compliance but will no longer be required to report Section 3 compliance.

Reporting Requirements for Section 3 Projects During Transition Period

Projects for which assistance or funds are committed between November 30, 2020 and July 1, 2021 are subject to the new Section 3 regulations found in 24 CFR Part 75, and it is expected that funding recipients will begin following this final rule's requirements for new grants, commitments, and contracts. Recipients will be expected to maintain records of statutory, regulatory, and contractual compliance with Section 3 for these projects but will not be required to report to HUD on the requirements found in 24 CFR Part 75.

Minimum Numerical Goals

For meeting the safe harbor in §75.23, recipients that certify to following the prioritization in §75.19 and meet or exceed the following Section 3 benchmarks will be considered to have complied with requirements in proposed 24 CFR Part 75, Subpart C, in the absence of evidence to the contrary:

1) Twenty-five percent (25%) or more of the total number of labor hours worked by all workers on a Section 3 project are Section 3 workers:

$$\frac{\text{Section 3 Labor Hours}}{\text{Total Labor Hours}} = 25\%$$

AND

2) Five percent (5%) or more of the total number of labor hours worked on projects funded by Section 3 are Targeted Section 3 workers, as defined at §75.21.

$$\frac{\text{Targeted Section 3 Labor Hours}}{\text{Total Labor Hours}} = 5\%$$

The five percent (5%) is included as part of the twenty-five percent (25%) threshold.

Should the Recipient fail to meet the minimum numerical goals, they bear the burden of demonstrating why it was not possible to do so. Such justifications should describe the efforts that were taken, barriers encountered, and other relevant information that will enable Recipient to make a compliance determination.

Safe Harbor Determination

Recipient and its subrecipients will be considered to have complied with the Section 3 requirements and met the safe harbor, in the absence of evidence to the contrary, if they certify that they have followed the required prioritization of effort and met or exceeded the applicable Section 3 benchmarks.

If a subrecipient agency or contractor does not meet the benchmark requirements but can provide evidence that they have made a number of qualitative efforts to assist low- and very low-income persons with employment and training opportunities, the recipient or contractor is considered to be in compliance with Section 3, absent evidence to the contrary (i.e., evidence or findings obtained from a Section 3 compliance review).

- 1) The benchmark for Section 3 workers is set at 25 percent or more of the total number of labor hours worked by all workers on a Section 3 project.
- 2) The benchmark for Targeted Section 3 workers is set at 5 percent or more of the total number of labor hours worked by all workers on a Section 3 project. The 5 percent for the Targeted Section 3 workers is part of the 25 percent threshold.

If the benchmarks cannot be achieved, then Lehigh County will provide evidence to HUD to demonstrate its qualitative efforts to achieve the benchmarks. The qualitative efforts may, for example, include but are not limited to the following:

1. Engaged in outreach efforts to generate job applicants who are Targeted Section 3 workers.
2. Provided training or apprenticeship opportunities.
3. Provided technical assistance to help Section 3 workers compete for jobs (e.g. resume assistance, coaching).

The Pursuit of Meeting Benchmarks

During Bid Procurement

Lehigh County's procedure for Section 3 compliance during procurement is as follows:

1. Ensure subrecipients include Section 3 regulations and directives in the bid specifications for applicable Section 3 projects.
2. Lehigh County shall review self-certifications for Section 3 business concerns for approval prior to the contractor's bid submission. If the Section 3 Compliance Officer previously approved the business concern to be Section 3 certified, then the certification can be submitted along with the bid.
3. Lehigh County shall ensure that the subrecipient and contractors use qualitative methods to notify and encourage contracting opportunities with Section 3 business concerns. The list of qualitative methods is located at 24 CFR 75.25(b), but is not limited to those listed.
4. Lehigh County's Section 3 Compliance Officer will assist contractors with little or no experience in achieving Section 3 labor hours goals by:
 - Requiring the contractor to present a list, to the Section 3 Compliance Officer, of the number of subcontracting and/or employment opportunities expected to be generated from the contracting opportunity.
 - Lehigh County Section 3 Compliance Officer will provide the contractor with a list of interested and qualified Section 3 residents for construction projects.
 - Lehigh County Section 3 Compliance Officer will provide contractor with a list of Section 3 business concerns interested and qualified for construction projects.
5. Lehigh County shall direct Subrecipients and contractors to use resources available through the Pennsylvania Department of Labor and Industry and PA CareerLink office located throughout the state to accomplish compliance with the Section 3 benchmarks. PA CareerLink is part of the PA Department of Labor and Industry's initiative to transform the landscape of how jobseekers find family sustaining jobs and how employers find the skilled candidates that they need. In addition, [HUD's Opportunity Portal \(https://hudapps.hud.gov//opportunityportal\)](https://hudapps.hud.gov//opportunityportal) (see Resources – Opportunity Portal – Business – Quick Guide) and the [PA DGS Small and Diverse Business database \(https://www.dgs.internet.state.pa.us/suppliersearch\)](https://www.dgs.internet.state.pa.us/suppliersearch) are resources that contractors may use to connect with Section 3 Business Concerns, Section 3 workers, and Targeted Section 3 workers. Subrecipients will be encouraged to use all available local community resources to meet its Section 3 requirements.
6. Ensure that contractors understand that qualifying as a Section 3 business does not mean the business will be selected if it meets the technical requirements of the bid, regardless of bid price. As provided in 2 CFR 200.318, contract awards shall only be made to responsible contractors possessing the ability to perform under the terms and conditions of the proposed contract.
7. Notify the contractors of reporting and record keeping requirements.

During Contracting and Pre-Construction

Lehigh County's procedure for Section 3 compliance during contracting and pre-construction is as follows:

1. Lehigh County shall ensure that the Section 3 Clause (see Resource section) in each contractor agreement.

2. Lehigh County Section 3 Compliance Officer will review the new hire clause with contractors and subcontractors to ensure that the requirement is understood. It is not intended for contractors and subcontractors to terminate existing employees, but to make every effort feasible to employ Section 3 program participants before any other person, when hiring additional employees needed to complete proposed work to be performed with HUD housing and community development financial assistance.
3. Ensure the prime contractor understands the Section 3 Utilization Report and when it is due.
4. Ensure the prime contractor completes the Section 3 Affirmative Action Certification.

During Project Activity - Finding Section 3 Workers or Targeted Section 3 Workers

Lehigh County's Section 3 Compliance Officer will assist individuals who may identify as a Section 3 Worker or Targeted Section 3 Worker, who reside in the service area or the neighborhood of the Section 3 Project, and who are seeking preference in training and employment by completing and attaching a certification of Section 3 eligibility.

Should an individual pursue the opportunity without Lehigh County's assistance, the individual should contact the agency or developer from which they are seeking employment. They should identify themselves as a Section 3 worker or Targeted Section 3 worker and provide whatever documentation that the recipient agency requires under their certification procedures. Workers should also register in HUD's Opportunity Portal (see Resources – Opportunity Portal – Worker – Quick Guide)

There are many ways that a worker can be certified as either a Section 3 Worker or Targeted Section 3 Worker under 24 CFR Part 75.

A. For a worker to qualify as a Section 3 worker, one of the following must be maintained:

- 1) A worker's self-certification that their income is below the income limit from the prior calendar year;
- 2) A worker's self-certification of participation in a means-tested program such as public housing or Section 8-assisted housing;
- 3) Certification from a PHA, or the owner or property manager of project-based Section 8-assisted housing, or the administrator of tenant-based Section 8-assisted housing that the worker is a participant in one of their programs;
- 4) An employer's certification that the worker's income from that employer is below the income limit when based on an employer's calculation of what the worker's wage rate would translate to if annualized on a full-time basis; or
- 5) An employer's certification that the worker is employed by a Section 3 business concern.

B. For a worker to qualify as a Targeted Section 3 worker, one of the following must be maintained:

- 1) An employer's confirmation that a worker's residence is within one mile of the work site, or if fewer than 5,000 people live within one mile of a work site, within a circle centered on the work site that is sufficient to encompass a population of 5,000 people according to the most recent U.S. Census;
- 2) An employer's certification that the worker is employed by a Section 3 business concern; or
- 3) A worker's self-certification that the worker is a YouthBuild participant

The documentation must be maintained for the time required for record retention in accordance with applicable program regulations as outlined in the subrecipient agreement with Recipient.

Lehigh County may report on Section 3 workers and Targeted Section 3 workers for five years from when their certification as a Section 3 worker or Targeted Section 3 worker is established.

Post-Project Activity – Reporting

Lehigh County will collect the Section 3 Utilization Report from the contractor, review it for accuracy, and remind the contractor of record-keeping requirements.

Grievance Procedures

To resolve complaints generated due to non-compliance through an internal process, Lehigh County encourages submittal of such complaints to its Section 3 Compliance Officer as follows:

- Complaints of non-compliance should be filed in writing to Lehigh County Office of Community Development and must contain the name of the complainant and brief description of the alleged violation of 24 CFR 75.
- Complaints must be filed within thirty (30) calendar days after the complainant becomes aware of the alleged violation.
- An investigation will be conducted if complaint is found to be valid. The Section 3 Compliance Officer will conduct an informal, but thorough investigation affording all interested parties, if any, an opportunity to submit testimony and or evidence pertinent to the complaint.
- The Section 3 Compliance Officer will provide written documentation detailing the findings of the investigation. The findings will be made available no later than thirty (30) days after the filing of the complaint.

The **HUD Section 3 Opportunity Portal** is intended to help HUD grantees and Section 3 businesses meet their Section 3 obligations for employment and contracting. The site is to be used by either Section 3 Workers or Employers. Section 3 Workers may use the site to Search for Jobs, post their profile/employment history for companies to search or post their business(es). Employers may use the site for posting opportunities or business(es) or search for Workers to fill positions. Authentication has been implemented using GSA's Login.Gov service. Login.gov is an authentication service that offers the public secure and private online access to participating government programs, including the HUD Section 3 Opportunity Portal.

This document will guide the user through the creation of a Login.Gov account, logging into the Opportunity Portal application, and exercising the features that are available to both Section 3 Employers and Workers such as updating contact information, posting an employment profile, posting opportunities and searching for job/contract opportunities.

Create a Login.gov UserID

To access certain features in the Opportunity Portal such as creating a Worker profile so that businesses can search for you, posting Job and Contract opportunities, or search for Workers seeking employment, you must create a Login.gov account. If you only wish to search for open Job and Contract opportunities, you do not need a Login.gov account. To create an account:

- Open a web browser such as Chrome, Edge, Firefox or Safari.

- [Enter] <https://hudapps.hud.gov/OpportunityPortal> in the URL box.

- [Click] the **Create an account** button. *Note: if you already have an account, you can [Click] the **Sign in** button.*
- Enter your email address in the **Email address** field (Note: this must be a valid email address that you can access at that time), then [Click] **Submit**.
- You can now close the tab or window you are currently working in.
- Go to your email account and look for a new email from no-reply@login.gov with the Subject: Confirm your email and open it.
- In the email, [Click] the **Confirm your email address** button. (Note: this will open in your default browser; if you wish to use a different browser, simply copy this URL and paste it into the browser you wish to use.)
- Create a new password. It must be at least 9 characters long and not be a commonly used password. Type the password into the Password field and [Click] **Continue**. (Note: you will not be able to move forward unless your password is “strong” enough).

Flag Workers—Notify HUD

If you notice a profile that you believe violates HUD’s standards (such as a fake profile, spam, etc.) you can “flag” the profile for HUD review by doing the following steps.

- Once you have found a Worker profile you would like to flag, [Click] **Notify HUD** at the top of the Worker’s profile to flag the Worker profile and notify HUD.

- To remove a flag, go to the Worker profile and [Click] **HUD Notified** at the top of the page. This will remove the flag.

The **HUD Section 3 Opportunity Portal** is intended to help HUD grantees and Section 3 businesses meet their Section 3 obligations for employment and contracting. The site is to be used by either Section 3 Workers or Employers. Section 3 workers may use the site to Search for Jobs, post their profile/employment history for companies to search or post their business(es). Employers may use the site for posting opportunities or business(es) or search for Workers to fill positions. Authentication has been implemented using GSA's Login.Gov service. Login.gov is an authentication service that offers the public secure and private online access to participating government programs, including the HUD Section 3 Opportunity Portal.

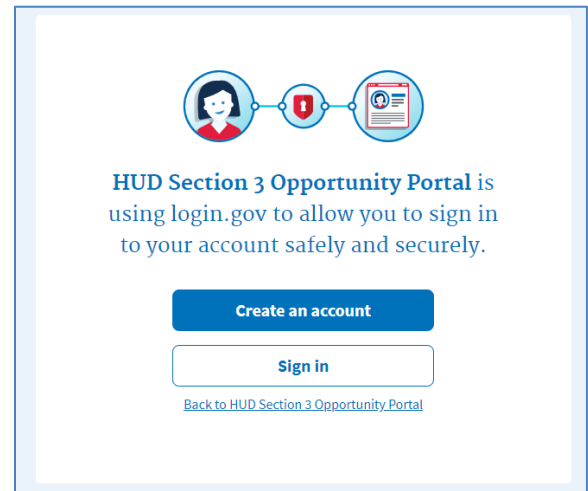

This document will guide the user through the creation of a Login.Gov account, logging into the Opportunity Portal application, and exercising the features that are available to both Section 3 Employers and Workers such as updating contact information, posting an employment profile, posting opportunities and searching for job/contract opportunities.

Create a Login.gov UserID

To access certain features in the Opportunity Portal such as creating a Worker profile so that businesses can search for you, posting Job and Contract opportunities, or search for Workers seeking employment, you must create a Login.gov account. If you only wish to search for open Job and Contract opportunities, you do not need a Login.gov account. To create an account:

- Open a web browser such as Chrome, Edge, Firefox or Safari.

- [Enter] <https://hudapps.hud.gov/OpportunityPortal> in the URL box.

- [Click] the **Create an account** button. *Note: if you already have an account, you can [Click] the **Sign in** button.*
- Enter your email address in the **Email address** field (Note: this must be a valid email address that you can access at that time), then [Click] **Submit**.
- You can now close the tab or window you are currently working in.
- Go to your email account and look for a new email from no-reply@login.gov with the Subject: Confirm your email and open it.
- In the email, [Click] the **Confirm your email address** button. (Note: this will open in your default browser; if you wish to use a different browser, simply copy this URL and paste it into the browser you wish to use.)
- Create a new password. It must be at least 9 characters long and not be a commonly used password. Type the password into the Password field and [Click] **Continue**. (Note: you will not be able to move forward unless your password is "strong" enough).
