Independent Auditor's Report

To the Retirement Board of Trustees County of Lehigh Allentown, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the County of Lehigh Employees' Retirement Plan which comprise the statement of fiduciary net position as of December 31, 2015 and 2014, and the related statement of changes in fiduciary net position for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the County of Lehigh Employees' Retirement Plan as of December 31, 2015 and 2014, and the changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the schedule of changes in the County's net pension liability and related ratios, schedule of county contributions, and schedule of investment returns, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting processes for placing the financial statements in the appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements. The supplemental schedule of assets held for investment is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplemental schedule of assets held for investment is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Reinsel King Lesher Let October 11, 2016

Lancaster, Pennsylvania

County of Lehigh Employees' Retirement Plan Notes to Financial Statements Years Ended December 31, 2015 and 2014

NOTE 1 NATURE OF THE ENTITY

The County of Lehigh Employees' Retirement Fund (the Plan), a single-employer plan, was established in 1942 by the County of Lehigh (the County) and is a contributory defined benefit pension plan. Plan benefits and obligations are under the authority of Pennsylvania State Act Number 96 of 1971 and can be amended by Act of the General Assembly of the Commonwealth of Pennsylvania.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are made. Employer contributions to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from estimates recorded.

Recent Accounting Pronouncements

In February 2015, the GASB issued Statement No. 72, Fair Value Measurement and Application. This statement provides guidance for determining a fair value measurement for financial reporting purposes and defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement also provides guidance for applying fair value to certain investments and disclosures related to fair value measurements. This guidance is effective for reporting periods beginning after June 15, 2015.

In June 2015, the GASB issued Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. This Statement amends and defines the authoritative sources of accounting guidance for states and local governments. GASB statement No. 76 is effective for periods beginning after June 15, 2015.

In December 2015, the GASB issued Statement No. 79, Certain External Investment Pools and Pool Participants. The provisions of this Statement permit qualifying external investment pools and pool participants to measure investments at amortized cost for financial reporting purposes. GASB statement No. 79 is effective for periods beginning after June 15, 2015.

In March 2016, the GASB issued Statement No. 82, *Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73*. This Statement amends and clarifies certain pension disclosures promulgated by Statements No. 67, 68 and 73. Statement No. 82 is effective for periods beginning after June 15, 2016.

The County is currently evaluating what effect the adoption of GASB Statements No. 72 through 82 will have on the County's financial statements.

NOTE 3 PLAN DESCRIPTION

Plan Administration

The Plan is administered by the Retirement Board of Trustees. Contributions to the Plan made by the County and its employees are accumulated and transferred to Wells Fargo Bank, the Plan's custodian. The Plan's assets are invested with the following investment advisors based on recommendations from Cornerstone Advisor's Assets Management Inc., the Plan's consultant: Agincourt Capital Management, LLC, American EuroPacific Growth Fund, Arbitrage Fund Class Institutional Fund, CBRE Clarion Securities, LLC, Credit Suisse Commodity Return Strategy Fund, C. S. McKee, LP, Edgar Lomax Company, Emerald Advisors, Inc., John Hancock Global Absolute Return Strategies Fund, Mondrian Investment Partners, Inc., Nuveen Preferred Securities Fund, Sustainable Growth Advisors, LP, The Philadelphia Trust Company, Vanguard Developed Markets Index Fund, Vanguard Short Term Investment Grade Admiral Fund, Vanguard SCV Index Fund, and Vanguard Institutional Index Fund.

Plan Membership

As of January 1, 2015, the most recent actuarial measurement date, pension plan membership consisted of the following:

Inactive plan members entitled to benefits, but not yet receiving them Active plan members 1,894	Inactive plan members or beneficiaries	
not yet receiving them Active plan members 1,894	currently receiving benefits	1,650
Active plan members 1,894	Inactive plan members entitled to benefits, but	
·	not yet receiving them	84
2.626	Active plan members	1,894
2.606		
3,628		3,628

As of January 1, 2014, pension plan membership consisted of the following:

Inactive plan members or beneficiaries	
currently receiving benefits	1,505
Inactive plan members entitled to benefits, but	
not yet receiving them	80
Active plan members	2,001
_	3,586

Benefits Provided

An employee becomes fully vested after five years of service. Normal retirement age is attained when an employee reaches age 60, regardless of years of service, or age 55 and completion of 20 years of service.

An employee's normal retirement benefit is the total of the employee's annuity based upon the actuarial value of the employee's accumulated contributions and a County annuity equal to the product of the final average salary (highest three years), applicable class rate, and length of membership service in each class. The County annuity will be increased in instances where a member has prior service credits. Disability retirement benefits are determined by using 25% of the final average salary for the three highest years.

Administrative costs of the Plan are financed through earnings of the Plan.

Contributions

An actuarially determined contribution is recommended by the plan actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance an unfunded accrued liability. For the years ended December 31, 2015 and 2014, the active member contribution rate was 5.0% of annual pay, and the County average contribution rate was 10.40% and 9.49%, respectively, of annual payroll.

NOTE 4 DEPOSITS AND INVESTMENTS

The cash and investments of the Plan are accumulated by the County and transferred to the Plan's custodian, Wells Fargo. Plan assets are invested by the Retirement Board of Trustees based on the recommendations of the Plan's investment advisors.

As of December 31, 2015, the County had the following debt investments and maturities within its Employees' Retirement Plan Fund:

Investment Maturities (in Years)					
Investment Type	Fair Value	Less Than 1 1-5		6-10	More Than 10

	\$ 101,707,067	\$	9,187,914	\$	28,555,725	\$	23,915,952	\$	40,047,476	

Interest Rate Risk - The Retirement Plan Investment Policy states that emphasis shall be placed on providing adequate and timely investment cash flow to permit benefit payments from the Plan when due. Fixed income investment allocation is targeted to 35% (with an allowable range of 20% - 45%) of the portfolio. The investments may be adjusted to meet economic and/or investment market conditions.

Credit Risk - The Retirement Investment Policy states that the overall rating of the fixed income assets shall be at least "A". In cases where the yield spread adequately compensates for additional risk, securities with a rating less than "A" can be purchased up to a maximum of 20% of the total market value of fixed income securities. The County is in compliance with the Retirement Investment Policy. Fixed income securities invested in mutual funds are excluded from the table below.

The Plan's investments had a credit rating as follows as of December 31, 2015:

Investment Type	Credit Quality Rating	Percent of Investment Type
Cash Equivalent	AA+	100 %
U.S. Government Treasuries	AA+	100
U.S. Government Agencies	AA+	100
Corporate Bonds	AAA	6
Corporate Bonds	AA+	27
Corporate Bonds	AA	5
Corporate Bonds	AA-	7
Corporate Bonds	A+	6
Corporate Bonds	Α	12
Corporate Bonds	A-	9
Corporate Bonds	BBB+	17
Corporate Bonds	BBB	8
Corporate Bonds	BBB-	3

The Plan's investments had a credit rating as follows as of December 31, 2014:

Investment Type	Credit Quality Rating	Percent of Investment Type
Cash Equivalent	AA+	100 %
U.S. Government Treasuries	AA+	100 /8
U.S. Government Agencies	AA+	100
Corporate Bonds	AAA	5
Corporate Bonds	AA+	26
Corporate Bonds	AA	6
Corporate Bonds	AA-	6
Corporate Bonds	A+	8
Corporate Bonds	A	12
Corporate Bonds	A-	21
Corporate Bonds	BBB+	8
Corporate Bonds	BBB	6
Corporate Bonds	BBB-	2

Custodial Credit Risk - For deposits and investments, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Retirement Investment Policy states that fixed income investments shall be high quality, marketable securities with a preponderance of the fixed income investments in (1) U.S. Treasury, Federal agencies and U.S. Government guaranteed obligations and (2) investment grade corporate assets including convertibles.

Cash and cash equivalents were collateralized with securities held by the pledging financial institutions, or their trust departments or agents, but not in the County's name.

Investment policy - The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Board by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The following was the Board's asset allocation policy as of December 31, 2015 and 2014:

Asset Class	Target Allocation
Domestic equity	25-45 %
International equity	5-25
Fixed income	20-45
Alternatives	0-20
Cash	0-15
Total	100 %

Rate of Return - For the year ended December 31, 2015 and 2014, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (0.13%) and 6.71%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 5 NET PENSION LIABILITY OF THE COUNTY

The components of the net pension liability of the County at December 31, 2015 were as follows:

Total pension liability Plan fiduciary net position	\$ —	536,179,441 446,677,870
County's net pension liability		89,501,571
Plan fiduciary net position as a percentage of the total pension liability		83.31%

The components of the net pension liability of the County at December 31, 2014 were as follows:

Total pension liability Plan fiduciary net position	\$ 514,200,015 460,720,600
County's net pension liability	 53,479,415
Plan fiduciary net position as a percentage of the total pension liability	89.60%

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of January 1, 2015, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0%	
Salary increases	4.0%, average, including inflation	
Investment rate of return	7.50%, net of pension plan	
	investment expense, including	
	inflation	

Mortality rates were based on the RP-2013 Annuitant and Non - Annuitant Mortality Tables for males and females with no projected improvement.

The actuarial assumptions used in the January 1, 2015 valuation were based on past experience under the plan and reasonable future expectations which represent our best estimate of anticipated experience under the Plan. An experience study has not been performed in the last five years.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation for the 2015 measurement period (see the discussion of the pension plan's investment policy) are summarized in the following table:

Real Rate of Return
5.4-6.4 %
5.5-6.5
1.3-3.3
0.0-1.0

Discount Rate

The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (i.e. no depletion date is projected to occur).

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the County as of the 2015 measurement period, calculated using the discount rate of 7.5%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.5 percent) or one-percentage-point higher than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	(6.5)%	(7.5)%	(8.5)%
	D 105 ((0.10)		
County's Net Pension Liability	\$ 135,663,196	\$ 89,501,571	\$ 38,279,853

NOTE 6 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2016. This is the date the financial statements were available to be issued. No material events subsequent to December 31, 2015 were noted.
