DISTRICT ATTORNEY

The core function of the District Attorney is public safety. We effectively and fairly prosecute all misdemeanor and felonies committed in Lehigh County. Several Task Forces were created with specialized investigators to target crimes including homicide, child abuse, domestic violence, elder abuse, auto theft, insurance fraud and drug offenses. The office's Victim/Witness Unit helps to support victims and witnesses and helps them navigate the criminal justice system. Child abuse investigators work on site at the Child Advocacy Center to aid victims of abuse. Several county detectives and assistant district attorneys work exclusively with victims of domestic violence. The Central Booking Center continues to save municipal police departments valuable time. The 12th Investigating Grand Jury was empaneled to help investigate crimes. The Veterans' Mentoring Program pairs volunteer veterans with veterans facing criminal charges. Team MISA (Mental Illness and Substance Abuse) is a diversionary program that disposes of criminal charges against those who may have substance abuse and/or mental health issues. The James B. Martin Regional Intelligence and Investigation Center integrates data from area police departments as well as local, state and federal databases into one electronic crime-fighting resource. The Officer David M. Petzold Digital Forensics Laboratory of Lehigh County has been instrumental in helping uncover and document evidence in cases ranging from homicides to child pornography. The Lehigh County Firearm and Tool Mark Laboratory performs ballistics examinations for all police departments in Lehigh County and is an invaluable adjunct to the office's prosecution of cases involving firearms.

REGIONAL CENTRAL BOOKING

The Lehigh County Central Booking Center was established in 1998 and enlarged in 2007 to save police departments throughout the county thousands of officers' hours in the processing of individuals arrested for crimes within the county. The cost of operating the center is mostly paid for by the defendants who are processed through it. Those costs are assessed as court costs against the defendants who are convicted or placed on Accelerated Rehabilitative Disposition (ARD), a pretrial diversionary program for first-time offenders charged with nonviolent offenses. No tax dollars are spent in operating the Central Booking Center.

JUDICIAL RECORDS

As a result of an amendment to the Home Rule Charter, effective January, 2008, the offices of Clerk of Courts, including Civil and Criminal Divisions (Prothonotary and Clerk of Courts), Register of Wills and Recorder of Deeds were abolished and a new position of Clerk of Judicial Records was created to combine four divisions into one office. In March 2011, the Recorder of Deeds Office was relocated to the courthouse and completed consolidation of all four divisions into one office area. A central file review area was created adjacent to the Clerk's Office. The Elected Clerk of Judicial Records is responsible for maintaining complete, accurate and up-to-date file records for the Civil, Criminal and Register of Wills Divisions of the Lehigh County Court system in accordance with existing laws and remains current with all new legislation. The Clerk is also responsible for recording all deeds and mortgages and real estate matters in the Recorder of Deeds Division. The Register of Wills Division probates wills and collects inheritance taxes for the Commonwealth of Pennsylvania. To fulfill this responsibility, it is the mission of the Clerk of Judicial Records' Divisions to provide various services to the Courts, attorneys, title companies, other government agencies and the general public. It is the Clerk of Judicial Records' goal to maintain efficient quality services. The objectives to meet this goal are timely completion and submission of all required reports to various agencies of the Court system and other state agencies and to receive, process and maintain complete and accurate records of all moneys received, including moneys collected on behalf of individuals and held in escrow for the Court. The Clerk of Judicial Records Office files date back to 1812. The Clerk of Judicial Records' Divisions are an integral part of the Court System and Land Records of Lehigh County.

BUREAU OF TAX CLAIMS

All local taxing districts in the Commonwealth of Pennsylvania operate under a Tax Claim Bureau in accordance with Act No. 542 of 1947, as amended, with the exception of Philadelphia (a consolidated city/county of the first class), Allegheny County (a second class county), the political subdivisions therein, and Scranton (a second class A city) and its school districts. The Tax Claim Bureau's objective is the enforcement of the Pennsylvania Real Estate Tax Sale Law, Public Law 1368, Act 542 of July 7, 1947. Act 542 provides a fair and efficient means for local governments in Pennsylvania to secure the collection of delinquent taxes. The Act further meets the provision that legislation be enacted to govern the sale of property for delinquent taxes so that title, free from liens and encumbrances, may be transferred to the purchasers of properties sold at County Treasurer's sales i.e. Upset and Judicial sales. Northeast Revenue is currently acting as the agent for the County's collection of delinquent taxes and sale of properties. The Upset sale is scheduled during September of each year and the Judicial sale is scheduled sometime thereafter. Tax parcels subject to Upset sale will be posted each year. Advertising of parcels subject to Upset sale will occur in the Morning Call, the East Penn Press and the Lehigh Law Journal.

ASSESSMENT OFFICE

The Assessment Office is mandated by Pennsylvania Law to prepare the Tax Duplicate, listing all properties in the County and the corresponding assessed values. The Tax Duplicate becomes the warrant for the collection of real estate taxes for all taxing authorities. Beginning in January of each year, the start of our cycle of operation, this office maintains and authorizes revisions to the Tax Duplicate and processes other recorded documents to accurately adjust the assessment records to reflect transfers of ownership. The Assessment Office also maintains this information in a data base for public use. In addition, the Assessment Office is also responsible for administering the enrollment of Act 72 of 2004, known as the Homeowner Tax Relief Act, Special Session Act 1 of 2006, Act 319, the Pennsylvania Farmland and Forest Land Act of 1974 and Act 515 of 1965.

INFORMATION TECHNOLOGY

IT is dedicated to meeting the needs of Lehigh County, balancing individual office needs with the overall County objectives resulting in properly aligned IT. IT provides reliable, cost-effective and secure solutions for all offices, supporting business process optimization. The data centers are near optimal in performance and fault tolerant by design. Internally developed, browser-based applications and 3rd party commercial solutions are being implemented. IT will continue to develop interfaces and innovative data access and analysis tools in support of data sharing projects. The proposed budget provides the requisite funding to maintain the environment as reliance on technology increases. IT supports growth and functionality enhancements, increasing operational efficiency and reducing work error resulting from manual and duplicate data entry. IT will continue the effort to replace legacy systems with purchased or in-house written solutions to maintain flexibility and achieve cost containment.

Replacing the County's Fiscal, HR, Payroll, and Procurement systems continues to be important as we migrate to new technology as the top priority of IT. Replacing other ADMINS applications, like District Attorney, Assessment, and Human Services Systems will also be a priority as outlined in the IT Strategic Plan. In summary, IT will continue to leverage technology to reduce manual, repetitive and costly tasks and introduce systems that reduce operating expenses and maintaining security and stability.

VETERAN'S AFFAIRS

The Office of Veterans Affairs has three U.S. Department of Veterans Affairs (VA) accredited Veteran Service Officers who directly assist veterans, their families, and survivors in obtaining the federal, state, and county benefits for which they are eligible as a consequence of military service. We counsel and assist in preparing and submitting claims and applications for benefits such as: service-connected disabilities, pensions and gratuities, emergency financial assistance, tax relief, education, and burials and memorials. We act as their representative before the VA and its various offices such as the Board of Veterans Appeals, and departments and commissions of the Commonwealth of Pennsylvania and Lehigh County. The office monitors the progress of claims through adjudication and intercedes if problems arise, with the ultimate goal of an award of benefits to the veteran and their family. We coordinate with and assist government agencies and non-governmental organizations in providing outreach and services to veterans with an emphasis on veteran homelessness and unemployment. Our office is a member of the steering committee for the Lehigh County District Attorney's Veteran Mentoring Program which works with justice-involved veterans. We attend senior expos, job fairs, and other community events as outreach. In addition, we provide seminars and information sessions at senior centers, nursing homes, veteran service organizations, military organizations, and community organizations. The office participates in Memorial Day, Veteran's Day, and other military and patriotic activities. Our office provides American flags and memorial markers to organizations charged with placing them on veterans graves at cemeteries county-wide.

PROCUREMENT

The Office of Procurement is primarily responsible for the purchase of all equipment, furniture, materials, non-professional services, and supplies at the lowest possible cost, consistent with the quality needed for proper and effective operation of all County departments. Procurement works closely with the Office of Information Technology (IT) to improve services through technology. Our internet site is a valuable electronic tool that is used by businesses interested in offering goods and services to the County. Procurement currently uses the internet site to post all Invitations to Bid and Requests for Proposal for download by prospective bidders. Additionally, a free internet based service called Public Purchase is currently used to publicly advertise and solicit Requests for Quotation and manage our Vendor Application System.

The implementation of an ERP System would dramatically change how the Procurement Office does business, both internally and externally. Technology based system improvements have been on hold in anticipation of a new ERP project initiative. Since that does not appear to be in the immediate future, IT has begun moving forward with long awaited Procurement system enhancements

EMERGENCY MANAGEMENT

The Emergency Management Agency provides integrated preparedness in coordinated planning and emergency operations for hazard vulnerability analysis, warning, emergency services and general public training and education, communications, fire safety, hazardous materials, technical rescue, counter-terrorism and radiological protection. Its primary goal is to promptly and effectively protect life and property and minimize human suffering from natural or non-natural disasters. This department also works to mitigate the effects of possible terrorist activity or full-scale conflict while maintaining continuity of government. US EPA Title III and PA Haz Mat legislation require the county to maintain a complex and diverse planning effort including a full-time planning/response capability. Also required is the assurance of full legal compliance by material or chemical users and dissemination of current information regarding hazardous material to individuals, government and businesses. The County maintains a state-certified Hazardous Material Response Team - NIMS Type II (D.O.B. #151200) to respond to spills or threats of exposure at both transportation accidents and fixed facility sites. By contract the County HMRT provides HazMat emergency response to Northampton County. EMA also directs the Technical Rescue Team capable of response to specialized rescue situations. Under PA Act 147, EMA maintains a radiological program and active planning effort to serve as a support County for Limerick Nuclear Generating Station incident evacuees who may require mass care assistance in the event of an emergency. The Lehigh County 911/Communications Center (D.O.B. #060301) is also integrated under the Emergency Management Agency umbrella and operates within PEMA Directives, PA Act 78 legislation and FCC regulations.

In addition to the five Lehigh County-based extension educators, several part-time assistants, hundreds of volunteers who plan, deliver, and evaluate educational programs, we also have access to nearly 100 faculty members to assist residents. Our statewide programmatic teams are functioning well and pooling expertise and assistance to our local communities. Our major program areas continue to include: Lehigh County 4-H; West Nile Program; Sustainable Agriculture; New and Beginning Farmer Program which includes The Seed Farm; Lehigh Valley Grain Marketing; Promoting School-community-university Partnerships to Enhance Resilience (PROSPER); Farm Safety; Better Kid CareTraining for child care providers; Integrated Pest Management for homeowners.

DUPLICATING SERVICES

Duplicating Services operates from the Courthouse. All projects are processed at this location. In addition to routine duplication, the copy room also processes NCR multi-page forms, note pads, special card stock requests, and document binding. A significant portion of the daily workload involves high priority duplication of court documents for a wide variety of customers. Some of the major undertakings associated with this department are the semiannual reproduction of the voter street lists and county budget submissions.

CONSERVATION DISTRICT

The Lehigh County Conservation District is a County supported agency whose primary goal is the improvement and conservation of the County's soil, water and related resources. By delegation agreement with Pennsylvania Department of Environmental Protection this agency is responsible for reviewing and approving erosion and sedimentation, and storm water management plans. Additionally they are tasked with monitoring compliance with the approved plans and the continued functionality of the installed storm water management infrastructure. The District works to protect water quality for the County's citizens through erosion and sediment control in urban development; soil conservation and nutrient management in farming areas; environmentally sensitive maintenance of dirt and gravel roads in rural townships; and assistance with watershed and streamside protection in all municipalities. The agency provides technical support to the County's Farmland Preservation Program. It strives to educate school students, the regulated community and the general public on the importance of water quality and nonpoint source pollution prevention.

COMMUNITY CORRECTIONS CENTER

The Lehigh County Community Corrections Center houses select sentenced male and female residents in a minimum security setting. Fully renovated in 2011, this center affords individuals the opportunity to participate in rehabilitative programs, secure/maintain employment, and pay their court costs, child support, room and board, etc. The budget is predicated on an average daily population of residents including some state offenders, for which the county receives per diem compensation. As a form of intermediate punishment, community corrections is widely used for short-term, low custody level offenders, who pose minimal risk to society. Prescriptive programming is provided in an effort to reduce recidivism. The facility also provides highly structured programming and supervision for people who would otherwise be incarcerated for technical violations of parole supervision.

DIRECTOR OF CORRECTIONS

The Office of the Director of Corrections is responsible for the overall administration of Lehigh County's Department of Corrections, including the Lehigh County Jail in Allentown and the Community Corrections Center in Salisbury Township, as well as the facilitation of Juvenile Detention services via contracts with neighboring counties. System wide, the department encompasses more than 795 men, women, and juveniles remanded to the custody of Lehigh County. Due to a favorably low Juvenile Detention census, the detention center was closed in March 2014 and we have since been contracting for detention beds. It is the Director's responsibility to assure that each facility operation comports with state and federal constitutional standards and regulations, current case law, as well as to insure that all personnel act in accordance with established policy and procedure developed for each facility respectively. The Director's office is also charged with the fiscal stewardship of all correctional operations and provides a critical linkage between the Department of Corrections, other branches of County government, as well as law enforcement agencies and the community. Lastly, it is the responsibility of the Director to ensure that the noble pursuits of security and rehabilitation remain balanced within the greater pursuit, the principle of justice.

ADULT PROBATION

The Lehigh County Adult Probation and Parole Department, as a mission, seeks to aid in the reduction of crime in the community through field-based supervision, treatment and rehabilitation, thus protecting the public from recurring criminal and anti-social behavior. In addition, the Department assists the Court in sentencing individuals through the completion of pre-sentence investigations as directed. Special services and intensive supervision are provided to those with a substance use disorder and to those where mental health disorders or intellectual disability are evident, this includes Drug Treatment Court. Various programs and instruction are offered by the Department and through community agencies such as Alcohol Highway Safety, Anger Management, Prevention through Anti-Violence Education (PAVE), Program Offering Women Empowerment and Reentry (POWER), Retail Theft Rehabilitation, substance use testing and the use of cognitive behavioral tools such at the Carey Guides. Other services offered by the Department include the Community Work Service Project and Electronic Monitoring. The Department will continue to explore and implement various evidence-based practices (EBP) to improve the effectiveness of probation and parole services by reducing recidivism and improving public safety. Implementation of EBP represents a large and complex organizational change effort in almost every county of the Commonwealth and will take several years to achieve. Research has shown that positive outcomes for both those individuals on supervision and communities are possible.

JUVENILE PROBATION

The Lehigh County Juvenile Probation Department is responsible to the Court and the community for delivering necessary and appropriate services to those juveniles referred to the Department. The jurisdiction of the Juvenile Court and the Juvenile Probation Department extends to both "delinquent" and "dependent" children as defined in the Pennsylvania Juvenile Act, Section 6302. In light of the mandate of this Act, it is essential for the Department to have operational principles to guide its decision making and delivery of services. Accordingly, operational procedures have been formulated to coincide with Balanced and Restorative Justice. The department works with juvenile offenders, their families, victims, and the community by utilizing evidence-based practices to build competencies, restore victims, hold youth accountable and protect the community.

JUVENILE WORK PROGRAM

The Juvenile Work Program requires juveniles who have been adjudicated delinquent and assigned to this program to perform community service at various non-profit agencies within Lehigh County. They are credited with wages for performing this service and the wages earned by the offending juvenile are given to the victim of that youth's crime as restitution for any loss incurred. The most conspicuous success of this program in the past few years has been the Allentown Recycling Center at 15th Street and Martin Luther King, Jr. Boulevard. The assigned juveniles gather and sort recyclable materials which are then sold. Since 1988, the proceeds from this endeavor have been returned as restitution to crime victims. The guiding principle of this program is to establish a sense of responsibility in the youthful offender by requiring him or her to repay any losses incurred by the victim of the crime for which the juvenile was adjudicated delinquent.

CLERK OF ORPHANS COURT

The Orphans' Court Division of the Court of Common Pleas is charged with the responsibility of supervising the administration of decedent's estates and trusts and the processing of adoptions, incapacity hearings, parental termination cases and miscellaneous disputes regarding these matters. The name is an anachronism derived from an era in which those persons who traditionally had no legal "voice" (minor children, widows, orphans, deceased persons) required an objective entity, the Court, to "speak" for them and assure that their rights and interests were protected. Today, the administration of non-profit organizations also comes within the jurisdiction of the Orphans' Court, and, in Lehigh County, settlements of lawsuits or claims in which minors are to receive money must be approved by the Orphans' Court Division. This process also insures that the proceeds are deposited and preserved until the minor attains the age of majority. The Clerk of the Orphans' Court is also responsible for issuing marriage licenses upon "in-person" application by the couple.

JUVENILES

The Juvenile Maintenance Program provides funding for the cost of community based counseling services and residential placement costs of those youths determined by the Court to be in need of such services. Some of these costs are shared with the Lehigh County Office of Children and Youth Services, when both that Office and the Juvenile Probation Office are providing services to the same children. A portion of this outlay is reimbursable by the Commonwealth of Pennsylvania. The amount of the reimbursement is dependent upon the type of program to which the juvenile is assigned, with the most funds returned to the County if the youth is utilizing community based services. Some of these juveniles, however, due to the severity of the crime, dysfunctional home environment, or past criminal involvement, need to be placed in residential treatment facilities, the most costly option. It is a goal of the Juvenile Probation Office and the Judiciary to increase the number of community based services provided to juveniles adjudicated by the Court, so that there are sufficient funds available to provide for those youths in need of residential treatment.

MAGISTERIAL DISTRICT JUDGES

The Department of District Justice Administration within the Thirty-First Judicial District oversees the operation of fourteen District Court offices, Central Court and Night Court operations. Responsibilities include personnel administration, budgeting, supply requisition, case flow management, and communications between the District Courts and the Court of Common Pleas. Innovative programming over the course of the past several years has allowed the District Courts to remain efficient even as office caseloads increased and case processing requirements expanded. Automated docketing, via the Internet, the use of credit cards, video arraignments, additions in the areas of office technology and the dedication of the District Court staff have allowed them to operate in an era of fiscal restraint. In an effort to address staffing issues, a review was completed which determined that no single statewide staffing standard existed. Utilizing certain need based formulas developed by the state administrative office, formulas utilized by other counties in addition to a weighted caseload system, an objective formula for staffing was developed. The weighted caseload system assigns values to the differing types of district court cases (criminal, civil, summary) based upon complexity and case processing time. This system permits an ongoing review of staffing to case filing ratios to allow for staffing adjustments throughout the year. The timely and efficient administration of justice will continue to be the hallmark of the District Court system.

LAW LIBRARY

The Lehigh County Law Library offers full law library services to the public, attorneys, County employees, and the Court. In the absence of local law schools, the Law Library stands alone in providing access to legal materials and legal research in this region. The collection consists of thousands of legal titles in print, eBook, online and microform formats. The primary objective of the Library's budget is to provide current Pennsylvania and federal statutory and case law, regulations and practice material. Online legal research and court and county related Internet websites are available. The public records of Pennsylvania Courts and Lehigh County public offices are available in the Law Library. The Law Library offers lending privileges, a rarity among law libraries. The cloud-based circulation system and public catalogue tracks circulating books while inventorying all books in the public law library as well as in the Judges' chamber libraries and court and county offices. Equally important is the responsibility of Law Library staff to budget for, purchase, and distribute all law and other books procured for those Judges' chambers, MDJs, Judicial offices, and County offices that rely on the laws and other legal material to perform their functions. Book ordering, bill preparation, cataloging of all offices' books, and library maintenance are performed by the Library staff. As library staff has implemented a county-wide reduction of print books over the past decade, online resources are the primary method of delivery of legal materials to the bench and county employees. Members of the law library staff are a part of the larger court management team providing support to the court administrator in areas such as website, annual report and other document production.

DIR OF COMMUNITY & ECON DEV

The Department of Community and Economic Development (DCED) will continue to facilitate resources for Lehigh County communities. Programs developed and managed by DCED staff will enhance relationships among local governments, nonprofits, and local companies. Networking with the Lehigh County's 25 municipalities will continue to be strengthened through the Lehigh County Congress of Governments (COG). Economic development efforts will focus on preserving existing businesses, attracting new companies, promoting business incentives, maintaining a positive relationship with the Commonwealth, and focusing on partnerships with regional economic development groups. The department's grants programs will be used to support projects that enhance quality of life and community and economic development. DCED will continue to provide oversight to the Redevelopment Authority of Lehigh County (RALC) as it fulfills its mission to eliminate blighted areas and redevelop in conformity with the comprehensive plans of the municipalities within the County. All of the County's grants administration efforts reside in this department, with staff assisting other County offices in pursuing federal, state, and private/local foundation funding opportunites as well as helping to administer all aspects of grants management post-award.

COMMUNITY DEVELOPMENT

The Office of Community Development administers grants for both for-profit and non-profit organizations based in Lehigh County. The grants administered through this budget include the Redevelopment Assistance Capital grant program (RACP) funding provided by the Commonwealth of Pennsylvania through the Governor's Office of the Budget (OB). These pass-through grants provide funding to assist businesses and non-profits with the acquisition and construction of regional economic, cultural, civic, recreational, and historical improvement projects in Lehigh County. This office will continue to develop its working relationships with businesses, non-profits, County departments, and local municipalities in future years.
