Municipal Profile

Coopersburg Borough is located in the southeastern part of Lehigh County. It encompasses an area of 0.9 square miles and has a population of 2,447 (2020 Census). The borough is surrounded by Upper Saucon Township, but its southeastern border also touches the county line shared with Bucks County. There are no significant bodies of water or waterways within Coopersburg Borough.

State Route 2045 (Main Street) is the primary north-south route through the borough. State Route 309 (3rd Street) runs North-South along the eastern part of the borough, connecting to points north in Upper Saucon Township and Allentown, and south to Bucks County. SR 2026 (State Street) is the primary east-west corridor through the borough.

Municipal Participation

1. Identify municipal stakeholders to be involved in the planning process such as, floodplain administrator, public works, emergency management, engineers, planners, etc., and include their specific role in the process.

Timothy Paashaus, Manager Role: Primary Contact	Keystone Consulting Engineers, Engineer Role: Design/Implement as needed
Dennis Nace , Public Works Director Role: Public Works, Review/Plan	Mike Zweifel, Emergency Management Agency Role: Contribute as needed
Anthony Struss, Police Chief Role: Contribute as needed through Primary Contact	Council Members Role: Review/Plan

*please update table as needed

2. Identify community stakeholders such as; neighborhood groups, religious groups, major employers / businesses, etc., that will be informed and / or involved in the planning process and describe how they will be involved.

St. James Lutheran – interested in assisting as shelter

ADD - IN SPIRE COMMUNITY CENTER - SHELTER / FOOD / WARMING.

3. Describe how the public will be engaged in the current planning process (examples, newsletters, social media, etc.), and how they were engaged since the 2018 Hazard Mitigation Plan.

Current: Social media and website as needed, Comp team review, and held preparedness meetings

Past: Same

Compliance with the National Flood Insurance Program (NFIP)

Topic	Identify source of information, if different from the one listed.	Additional Comments
1. Staff Resources		
Is the Community Floodplain Administrator (FPA) or NFIP Coordinator certified?	Community FPA	No
Is floodplain management an auxiliary function?	Community FPA	Part of zoning reviews by Zoning Officer
Provide an explanation of NFIP administration services (e.g., permit review, GGIS, education or outreach, inspections, engineering capability)	Community FPA	Permit reviews in conjunction with zoning reviews
What are the barriers to running an effective NFIP program in the community, if any?	Community FPA	None
Is the community in good standing with the NFIP?	State NFIP Coordinator, FEMA NFIP Specialist, or community records	Yes
Are there any outstanding compliance issues (i.e., current violations)?		No
When was the most recent Community Assistance Visits (CAV) or Community Assistance Contact (CAC)?		Unknown
Is a CAV or CAC scheduled or needed?		No
When did the community enter the NFIP?	NFIP Community Status Book	N/A
Are the Flood Insurance Rate Maps (FIRMs) digital or paper? How are residents assisted with mapping?	Community FPA	Paper
Do floodplain regulations meet or exceed FEMA or State minimum requirements? If so, in what ways?	Community FPA	Meet current requirements
Describe the permitting process	Community FPA, State, FEMA NFIP	FEMA NFIP
4. Insurance Summary		
How many NFIP policies are in the community?	State NFIP Coordinator or FEMA NFIP Specialist	N/A

Topic	Identify source of information, if different from the one listed.	Additional Comments
What is the total premium and coverage?		
How many claims have been paid in the community? What is the total amount of paid claims? How many substantial damage claims have there been?	FEMA NFIP or Insurance Specialist	N/A
How many structures are exposed to flood risk within the community?	Community FPA or GIS Analyst	N/A
Describe any areas of flood risk with limited NFIP policy coverage	Community FPA or FEMA Insurance Specialist	N/A
5. Community Rating System (CRS)		
Does the community participate in CRS?	Community FPA, State, or FEMA NFIP	No
If so, what is the community's CRS Class Ranking?	Flood Insurance Manual (http://www.fema.gov/floodinsurancemanual.gov)	N/A
What categories and activities provide CRS points and how can the Class be improved?		N/A
Does the plan include CRS planning requirements?	Community FPA, FEMA CRS Coordinator, or ISO representative	N/A

Community Assets

Community assets are defined to include anything that is important to the character as well as the function of a community, and can be described in four categories, they are; people, economy, natural environment and built environment. Please identify the community assets and location under each category.

1. People

- Concentrations of vulnerable populations such as the elderly, physically or mentally disabled, non-English speaking, and the medically or chemically dependent.
 - Elderly – income-qualified apartments
- Types of visiting populations where large numbers of people are concentrated such as visitors for special events and students.
 - N/A, generally residents, small businesses, and recreational activity (small).

2. Economy

- Major employers, primary economic sectors such as agriculture and commercial centers where losses would have a severe impact on the community.
 - Commercial / small businesses along Rt. 309 and Main Street.

3. Natural Environment

- Those areas / features that can provide protective functions that reduce the magnitude of hazard events such as, wetlands or riparian areas, and other environmental features important to protect.

Small streams, wet areas
No lakes, rivers, etc.

4. Built Environment

- Existing structures such as, concentrations of buildings that may be more vulnerable to hazards based on location, age, construction type and / or condition of use.

Aging residential

Several multi-unit apartment buildings, 5 to 25 unit buildings

- Infrastructure systems such as water and wastewater facilities, power utilities, transportation systems, communication systems, energy pipelines and storage.

Water system – generally in good shape, ongoing replacement

Sewer lines – only lines, no system

Gas lines – owned by UGI

Roads – generally in good shape

Telephone / Internet / Cable – Frontier, RCN, Service Electric

Electric – above ground and owned by PPL, *NEW AREAS, UNDERGROUND*

ADD:

COMCAST

- High potential loss facilities such as, dams, locations that house hazardous materials, military and / or civilian defense installations.

N/A

- Critical facilities such as, hospitals, medical facilities, police and fire stations, emergency operations centers, shelters, schools and airports / heliports.

1 police station

1 fire station

1 elementary school

INSPIRE

FOUNDATIONS

Several churches – St. John, St. James, Moravian and Saucon Lodge

- Cultural / historical resources such as, museums, parks, stadiums, etc.

Borough Hall – historical museum

Southern Lehigh Living Memorial Park

ADD: MEADOW PARK

SAUCON RAIL TRAIL

LIBERTY TROLLEY TRAIL

INSPIRE COMMUNITY CENTER

Notes:

Estimated Costs:

- Where actual project costs have been reasonable estimated: Low = < \$10,000; Medium = \$10,000 to \$100,000; High = > \$100,000;
- Where actual project costs cannot reasonably be established at this time:
 - Low = Possible to fund under existing budget. Project is part of, or can be part of an existing on-going program.
 - Medium = Could budget for under existing work plan, but would require a reapportionment of the budget or a budget amendment, or the cost of the project would have to be spread over multiple years.
 - High = Would require an increase in revenue via an alternative source (i.e., bonds, grants, fee increases) to implement. Existing funding levels are not adequate to cover the costs of the proposed project.

Potential Funding (FEMA HMA):

- **BRIC** = Building Resilient Infrastructure and Communities
- **FMA** = Flood Mitigation Assistance Grant Program
- **HMGP** = Hazard Mitigation Grant Program
- **HSGP** = Homeland Security Grant Program
- **EMPG** = Emergency Management Performance Grant

Implementation Schedule:

- **Short Term** = 1 to 5 years
- **Long Term** = 5 years or greater
- **DOF** = Depending on Funding

Applies to New and/or Existing Structures:

- **N/A** = Not Applicable
