### Public Facility, Construction and "Other" Projects

## Section 2:

**Fundability Determination** - All projects must meet one national objective.

A. Under which national objective will your project qualify? *Choose only one:*

- Benefits residents with low or moderate incomes (LMI);
- Aids in the elimination of slums and blight; or
- Meets community needs having a particular urgency because conditions pose an immediate threat to public health or welfare (*Use only in consultation with Lehigh County*).

B. If qualifying your project under the LMI national objective, how will you determine benefit to low- and moderate-income residents? *Choose only one:*

The project benefits an entire census block group in which 38.29% or more of residents have low or moderate incomes. List census tract: \_\_\_\_\_ and block group: \_\_\_\_.

Total population in this block group: \_\_\_\_\_

Total low- to moderate-income population in this block group: \_\_\_\_\_

Percent of population is low- to moderate-income: \_\_\_\_\_%

The project benefits multiple census block groups in which the average number of low- to moderate-income residents is 38.29% or more. Please include the following information within the project narrative: applicable census block group(s), universe population for each block group, and LMI population for each block group.

The project benefits an area that is smaller than a census block group. We have conducted a survey of residents in order to demonstrate that 51% or more of residents have low or moderate incomes. (Please include survey as *Attachment A*).

The project will benefit a group of persons who are presumed eligible for assistance because they are in one of the following categories: seniors; severely disabled adults; homeless; battered spouses; abused/neglected children and youth; illiterate adults; migrant farm workers; persons with HIV/AIDS.

The project will serve specific persons or households (i.e.: housing assistance). We will verify the incomes of individuals or households before approving their participation.

## Section 6

### Economic Opportunities (Section 3 Projects)

The Section 3 program requires recipients of HUD funding to direct employment, training, and contracting opportunities to low-income individuals and the businesses that employ these persons within their community. Section 3 is a provision of the HUD Act of 1968 and is found at 12 U.S.C. 1701u. The regulations are found at 24 CFR Part 75.

Per this statutory language, recipients of HUD funds (grantees, subrecipients, and contractors) shall ensure that “to the greatest extent feasible,” when certain HUD funds are used to assist housing and community development projects, preference for construction-related training, jobs, and contracting opportunities go to low- and very low-income people (Section 3 workers) and to businesses that are owned by low- and very low-income persons or businesses that hire them. These opportunities are both gender and race neutral.

Section 3 projects are housing rehabilitation, housing construction, and other public construction projects assisted under HUD programs that provide housing and community development financial assistance when the total amount of assistance to the project exceeds a threshold of \$200,000. Subrecipients will be required to assist non-Section 3 firms in hiring of Section 3 workers if the lowest, responsible bidder is not a certified Section 3 firm. Section 3 projects must meet or exceed Section 3 benchmarks for total number of labor hours worked on the CDBG-funded project by Section 3 workers (25%) and by Targeted Section 3 workers (5%).

Please check all that apply to the project:

- This is a housing or community development project of which the amount of HUD assistance will exceed \$200,000.
- This is a housing or community development project which will NOT have HUD assistance exceeding \$200,000.
- This is a housing or community development project not involving construction.
