Vaccination Opportunities Available for Homebound Residents

Allentown, PA- The Lehigh County Office of Aging and Adult Services will be providing vaccination opportunities for Lehigh County homebound residents unable to obtain a COVID-19 vaccine. Homebound residents are defined as individuals who are unable to travel or have no means of transportation to attend a vaccine appointment. This program will be free to the public without any cost to the resident.

This initiative follows Governor Wolf's announcement regarding how the state and its partners will be using various means to reach people not able to leave home to be vaccinated against COVID-19. The Lehigh County Office of Aging and Adult Services is committed to the welfare of the county's homebound population and encourages all qualifying residents to call for vaccination services, if needed.

If you are in need of a vaccine and are homebound, or know someone who is, please contact the Lehigh County Office of Aging and Adult Services at 610-782-3034. Office hours are Monday through Friday from 8AM to 4PM.
