

**sage** National Resource Center ON LGBT AGING

**CAREGIVING IN THE LGBT Community**

Lesbian, gay, bisexual and transgender (LGBT) older adults make up a significant, and growing, share of America’s 65+ population. The numbers of LGBT older adults are expected to double in size over the next several decades, reaching more than 3 million by 2030. This means that aging services providers, including caregivers, will increasingly be called on to provide services and supports that meet the unique needs of LGBT older adults.

*NASW-PA Chapter is a co-sponsor of this workshop. 4 CE's will be awarded for completion of this course. NASW has been designated as a pre-approved provider of professional continuing education for social workers (Section 47.36), Marriage and Family Therapists (Section 48.36) and Professional Counselors (Section 49.36) by the PA State Board of Social Workers, Marriage & Family Therapists and Professional Counselors*
