

Pennsylvania Association of Psychiatric Rehabilitation

PAPRS

About PAPRS

PAPRS is a growing association of more than 300 Psychiatric Rehabilitation practitioners and organizations throughout Pennsylvania, working together to promote and support the philosophy, values, and practices of Psychiatric Rehabilitation.

In order to foster the continued growth of quality Psychiatric Rehabilitation and recovery focused practices, **PAPRS** offers innovative educations, consultation, and leadership to support practitioners, providers and other stakeholder groups in Pennsylvania.

In the rapidly growing and changing field of recovery-oriented Psychiatric Rehabilitation Services, PAPRS continues to offer opportunities for practitioners to improve skills and upgrade their Psych Rehab knowledge base to our members or anyone interested in the field of Psychiatric Rehabilitation.

Orientation to Medicaid Funded Peer Support Services Documentation Training

Along with reviewing the PA regulations concerning documentation, this training will address the major components of peer documentation including the following:

- Strengths Based Assessments
- Individualized Service Plans
- Progress Notes
- Discharge Planning
- Collaborative Documentation

In addition to these topics, this training will provide ample opportunities for the trainees to apply the skills learned, through guided activities of writing the above documentation requirements.
