3. NEW BUSINESS

Pension Fund Update
It’s been a challenging year in terms of volatility. The first three months of 2023 were strong, but the last couple of months have been a struggle. The S&P 500 is (8.25%) for the quarter ending
September 30th, but the year-to-date percentage is still up 10.69%. This trend is consistent throughout the fund. Technology continues to drive 80% of returns, with the rest of the market being flat.

**Asset Allocation**

With quarter ending September 30th, our IPS target weights remain at 42% domestic equity, 18% international equity, 20% domestic fixed income, 15% alternative and 5% cash and equivalents. Our highest deviation from target weights is (1.2%) alternative stocks, which is very near target. All other investments show near zero deviation from target.

**Historical Cashflow**

Withdrawals since inception have been $343,881,000. Contributions since inception have been $159,696,000. The change in market value since inception is $255,154,000.

**Manager Performance**

We are diversified between U.S. and international stocks, bonds, and alternative investments. Some underperform, some overperform, but what we are seeing is typical and relative to the current market.

**October Performance**

Total returns for October are (2.56%). It’s been a challenged market for 2023 on the heels of a challenged market for 2022. Total portfolio year to date returns are 1.32%, with benchmark of 2.22% giving us an ending market value of $524,025,040 as of October 31st.

4. Motions

**Cost of Living Increase**

COLA discussion took place today per Act 96 (formal vote every three years). Per policy, a cost-of-living increase will not be considered until the plan reaches a funding status of 100% or more. The current funding status is 83.2%. As such, it was recommended that no cost-of-living increase be made. Motion was made by Tim Reeves and seconded by Ed Hozza. Vote was passed in favor of no cost-of-living increase, with Joseph Reichard voting opposed to the motion.
2024 Meeting Dates

Motion to approve 2024 meeting dates was made by Ed Hozza, seconded by Tim Reeves, and approved unanimously. 2024 meeting dates are as follows, at 9:30 am or each date:
