<i>Total Lehigh County Residents</i>	<i>276</i>

The average age of these 276 residents was 84.18 years old. 45.7% of the residents were male and 54.3% were female. This data includes test confirmed positive cases and presumed positive cases, as determined by the medical certifier. 89% of these deaths were confirmed positive by testing (245) and 11% fall in to the presumed positive category (31). 74% of these decedents were residents of long term care facilities in Lehigh County.

The staff of the Lehigh County Coroner's Office continues to serve the residents of Lehigh County 24 hours a day, 7 days a week throughout this pandemic. Our staff continues to investigate deaths of those individuals who die within the County and serve their families. For the year to date, we have had a 24% increase in the number of investigations from this same time period in 2019. Our staff of 25 investigators and forensics center staff remain well-equipped with appropriate personal protective equipment, with thanks to Lehigh County Emergency Management, Pennsylvania Emergency Management Agency and several donations from the our generous community. Additionally, through proper supply and use of personal protective equipment, as well as strict adherence to established safety guidelines; all staff remain healthy.

We wish our most sincere condolences to the families affected as well thoughts of strength and healing to our entire Lehigh County community.

Respectfully,
