Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

As a Federal Entitlement, Lehigh County is required to complete an annual application for the use of the Community Development Block Grant (CDBG) funds to the U.S. Department of Housing and Urban Development (HUD). The Annual Action Plan is a guide to how the County will allocate its resources for specific activities that support the Goals and Objectives of Lehigh County’s Five Year Consolidated Plan. This is Lehigh County's Seventh Annual Action Plan as a part of the extended Five Year Consolidated Plan, which was approved by HUD-Philadelphia. The Five Year Consolidated Plan describes the housing and non-housing needs of County residents and presents a five-year strategy to address those needs. The FY 2018 Annual Action Plan for Lehigh County includes the County's CDBG Program and outlines which activities the County will undertake during the program year beginning October 1, 2018 and ending September 30, 2019. Lehigh County's Department of Community and Economic Development is the lead entity and administrator for the CDBG funds.

The FY 2018 Annual Action Plan outlines the actions to be undertaken in Fiscal Year 2018 with the Federal resources allocated to Lehigh County. The FY 2018 Annual Action Plan excludes the Cities of Allentown and Bethlehem (despite being located within Lehigh County) since they both are Federal Entitlements that receive their own CDBG allocations from HUD. The CDBG Program and activities outlined in this FY 2018 Annual Action Plan will principally benefit low- and moderate-income persons and will provide funding to targeted areas of the County where there is the highest percentage of low- and moderate-income residents. The Annual Action Plan does not incorporate the Public Housing Authority's Comprehensive Grant (Comp Grant) into this
consolidated plan and application, but the public housing authority participated in the planning process for the development of this plan.

The Five Year Consolidated Plan relied upon efforts of many individuals, organizations, and citizens, in the development of a comprehensive strategy to address the needs of the County. The goal of Lehigh County is to improve the quality of life for County residents by funding improvements to public facilities, infrastructure, public services, and by retaining and increasing the stock of affordable owner and rental housing units.

Available Funds:

The following financial resources are included in the FY 2018 Annual Action Plan which anticipates the receipt of funding to address the priority needs and specific objectives identified in Lehigh County's Five-Year Consolidated Plan. 3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Lehigh County has a good performance record with HUD and regularly meets its established performance standards. Each year the County prepares a Consolidated Annual Performance and Evaluation Report (CAPER). This report is submitted to HUD within ninety (90) days after the start of the next program year. Copies of the FY 2016 CAPER are available for review at the Lehigh County Department of Community and Economic Development Offices and also on the County website. The FY 2016 CAPER, which was the fifth CAPER for the FY 2012-2016 Five Year Consolidated Plan, was submitted to HUD on December 22, 2017. HUD approved the FY 2016 CAPER by a letter dated February 28, 2018. In the FY 2016 CAPER, Lehigh County expended 96.33% of its CDBG funds to benefit low- and moderate-income persons. The County expended $132,798.38 (11.89%) of its funds during the FY 2016 CAPER period on public services, which is below the statutory maximum of 15%. The County obligated $223,454.00 (20.00%) of its funds during this CAPER period on Planning and Administration, which meets the 20% regulatory cap. As of August 2, 2016, Lehigh County was under the required 1.5 maximum drawdown ratio with a ratio of 0.99.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Annual Action Plan is made up of multiple components, which include: funding applications from municipalities, social service agencies, and housing organizations; citizen participation comments; and the development of the Annual Action Plan.

Each item of the plan primarily benefits the low- and moderate-income population in Lehigh County. Lehigh County has an approved Citizen Participation Plan, as required by HUD, which is on file with HUD and at the Lehigh County Department of Community and Economic Development. The County abided by its Citizen Participation Plan in the preparation and development of the FY 2018 Annual Action Plan.
The first step of the planning process for the FY 2018 Annual Action Plan started with the distribution of applications for CDBG funds. On Friday, February 23, 2018 the Department of Community and Economic Development distributed the FY 2018 CDBG Requests for Funding to local municipalities and non-profit agencies/organizations. These were due back to the County by 4:00 PM on Friday, April 13, 2018. Information was also available on the Lehigh County Department of Community and Economic Development's website.

The County held two (2) public hearings to obtain resident input on the needs of Lehigh County. The needs public hearing notice was published on Friday, March 16, 2018 in "The Morning Call," and the needs public hearing notice was posted on the County's website and emails were sent to local municipalities and non-profit agencies/organizations. The first needs hearing was held on Monday, March 26, 2018 at 5:30 PM and the second needs hearing was held on Thursday, March 29, 2018 at 2:00 PM; both hearings were held at the Lehigh County Public Hearing Room located at 17 South Seventh Street, Allentown, PA. At these public hearings, residents had the opportunity to give their input and their thoughts on the housing, community development, and economic development needs in Lehigh County and how the CDBG funds should best be spent to benefit low- and moderate-income persons.

The Final Public Hearing Notice was published on Thursday, July 12, 2018. At the Public Hearing, held on Wednesday, July 18, 2018 at 12:00 PM, the residents were given the opportunity to comment on the "draft" version of the FY 2018 Annual Action Plan and which projects/activities would be funded with FY 2018 CDBG funds.

The FY 2018 Annual Action Plan was on public display beginning July 13, 2018 through August 13, 2018 at the following locations in the County and on the County's website (http://www.lehighcounty.org/):

5. Summary of public comments
   This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Lehigh County recorded public comments at the two (2) public hearings on the needs of the County. There were two (2) attendees and one (1) Lehigh County Department of Community and Economic Development (DCED) staff member present at the first public hearing on Monday, March 26, 2018. A meeting summary can be found in the Appendices. There were five (5) participants and two (2) Lehigh County DCED staff members at the second public needs hearing held on Thursday, March 29, 2018. A meeting summary can be found in the Appendices. All comments were accepted. There were four (4) participants and one (1) Lehigh County DCED staff member at the second public hearing regarding the Draft version of the plan. A meeting summary can be found in the Appendices. All comments were accepted.

6. Summary of comments or views not accepted and the reasons for not accepting them

All of the previous comments were accepted, and the requests for funding were incorporated into the FY 2018 CDBG Program. Of the twenty-three (23) funding applications received in FY 2018, seventeen (17) were funded. One (1) application was withdrawn from consideration by Coplay Borough.

There were five (5) funding applications that were not approved for FY 2018 funds. Of the projects not funded, two (2) were public facility improvements: The Slatington Borough – Street Reconstruction – E. Church Street project was not funded, as E. Church Street does not serve a primarily residential area. The application for Fountain Hill Borough was not funded due to
Broadway not serving a primarily residential area; additionally, this is a State Route and serves more than just Fountain Hill.

One (1) of the projects was related to slum and blight removal. The application for Lehigh County’s Department of Community and Economic Development to purchase blighted properties was not recommended unless the properties were ready to be purchased. An additional funding request from DCED for the hiring of a code enforcement officer for a low- and moderate-income municipality was not recommended, as code enforcement is only eligible if it is part of an overall strategy to revitalize an area.

Finally, the last project that was not funded was an interior and exterior renovation of Columbia House through New Bethany Ministries. The project was not funded in FY 2018, but rather recommended for funding via the Affordable Housing Trust Fund (AHTF).

7. **Summary**

The FY 2018 Annual Action Plan for Lehigh County includes the County's CDBG Program and outlines which activities the County will undertake during the program year beginning October 1, 2018 and ending September 30, 2019. This is the County's seventh year of its Five Year Consolidated Plan.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

While preparing the FY 2018 Annual Action Plan, Lehigh County consulted with the Lehigh County Housing Authority, local municipalities, non-profit agencies/organizations, and members of the Eastern Pennsylvania CoC - Lehigh Valley Regional Homeless Advisory Board, which includes the following two (2) counties: Lehigh and Northampton.

The Eastern Pennsylvania CoC serves and acts as the oversight and planning body for preventing and ending homelessness for the CoC general membership body. Lehigh County is a member of the Lehigh Valley Regional Homeless Advisory Board (LV-RHAB) under the Eastern PA CoC. The Board comprises a diverse set of representative stakeholders throughout Lehigh and Northampton Counties. The Board sets policy based on the knowledge and experience of its members. The Board also sets priorities and makes funding decisions.

Other members of the Board consist of the social service agencies, shelter providers, etc. that serve residents in the region. Coordination of the programs and funds is accomplished by the CoC Board for the chronically homeless individuals and families, families with children, veterans, and unaccompanied youth, along with the administration of the HMIS System.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Lehigh County works with the following agencies to enhance coordination:

- **Lehigh County Department of Community and Economic Development** - oversees the CDBG program.
- **Lehigh County Housing Authority** - oversees the Section 8 Housing Choice Voucher Program, improvements to public housing communities, and the development of scattered site affordable housing.
- **Social Services Agencies** - the County provides funds to address the needs of low- and moderate-income persons.
- **Housing Providers** - the County provides funds to rehabilitate and develop affordable housing for low- and moderate-income families and individuals.
- **Lehigh Valley Regional Homeless Advisory Board** - oversees the Continuum of Care Network for Eastern Pennsylvania CoC - Lehigh Valley Regional Homeless Advisory Board for the following counties: Lehigh and Northampton.
Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Lehigh County is a member of the Lehigh Valley Regional Homeless Advisory Board (LV-RHAB) under the Continuum of Care Network for Eastern Pennsylvania (Eastern PA CoC). The Eastern PA CoC is administered by the Pennsylvania Department of Community and Economic Development (PA-DCED). Lehigh County’s Department of Community and Economic Development staff attends the local CoC meetings and acts as the County’s representative. The County coordinates its activities with the Continuum of Care and supports its applications for funds. The County helps the Eastern Pennsylvania CoC to address homelessness by working together to develop a framework to deliver housing and services to the homeless.

The RHAB identifies regional and local homeless issues; coordinates regional planning; identifies regional housing gaps and needs, strategies, and priorities; provides input for Supportive Services for Veteran Families (SSVF) and Emergency Solutions Grants (ESG) applications; participates in completion of the CoC application; monitors Homeless Management Information Systems (HMIS) participation and implementation; and coordinates and follows-up on the Point in Time (PIT) count and Annual Homeless Assessment Report (AHAR). Lehigh County is a member of the Lehigh Valley Regional Homeless Advisory Board (RHAB), which also includes Northampton County. Many of the homeless resources in Lehigh and Northampton Counties are utilized by residents of both Counties. The Lehigh Valley RHAB Co-Chairs are currently representatives of the Community Action Committee of the Lehigh Valley in Bethlehem, PA, (which is located partly in Lehigh County and partly in Northampton County), and the Third Street Alliance in Easton, PA, which is located in Northampton County.

The CoC solicits and considers a wide range of opinions through the five (5) Regional Homeless Advisory Board (RHABs) monthly meetings and semi-annual full CoC meetings. Both forums provide opportunities for persons to provide input and assistance in ending homelessness. The RHAB Co-Chairs represent multiple interest groups including: CDBG Jurisdictions, Public Housing Authorities, domestic violence service providers, Veterans, youth service providers, Community Action Partnerships (CAP), homeless service providers, and faith-based organizations.

Most of the Eastern PA CoC comes under the State Consolidated Plan developed by PA-DCED, however, there are twelve (12) additional Consolidated Plan Jurisdictions representing the more populated areas of the Lehigh Valley and Cumberland County, plus cities. PA-DCED uses web-based forums to meet with Regional Housing Advisory Committees (RHACs). RHAC meetings are held annually and generally last two (2) hours. The RHACs include state grantees, housing officials, developers, non-profits, CoC Chairs, and PA-DCED staff. Also, as part of the citizen participation process, members of the CoC receive notice of public meetings, documents available for review, and citizen comment periods. The County and City Consolidated Plan Jurisdictions follow the Con Plan guidelines for consultation, including interviews, surveys, and focus groups with stakeholders knowledgeable about homelessness in their communities.
Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

Most of the Eastern PA CoC ESG funding is allocated by PA-DCED. The CoC participated in developing priorities, target populations, outcome measures, and evaluation processes for ESG under HEARTH, including prioritizing Rapid Re-Housing (RRH) for 45% of funds (excluding emergency shelters, outreach, and administration). Since then, the CoC has provided input on ESG funding decisions and project scoring based on knowledge of projects, capacity of applicants and participation in CoC planning. PA-DCED, as the Collaborative Applicant and HMIS Lead, has access to Point in Time and Homeless Management Information System (HMIS) data. PA-DCED convened a Data Committee composed of CoC members to review and analyze quarterly CoC performance reports for establishing benchmarks and data driven performance standards for outcome evaluation and funding decisions.

The CoC finalized a Monitoring Plan in June 2017 which sets performance standards and outlines a process for evaluating the outcomes of projects receiving both CoC and ESG funding. This process will be carried out by the CoC’s Data Committee, the five RHABs and the Governing Board.

The CoC and the HMIS lead work together to assess data quality throughout the CoC. This includes working on Annual Homeless Assessment Report (AHAR) submission, the PIT count, project review/ranking, and working with individual programs while completing their Annual Performance Reports (APRs). The CoC continues to work towards increasing the bed coverage percentage in HMIS. According to the Eastern PA CoC, the largest overall barrier to HMIS-participation remains non-HUD funded volunteer and faith-based operated projects and VA-funded projects, such as VASH. Additional outreach to volunteer and faith-based organizations will occur through the implementation of coordinated entry. Increased engagement and education among these groups should lead to increased HMIS participation. The CoC will work with Veterans to improve participation among VA-funded projects.

In addition, the CoC works closely with the HMIS Lead Agency on the HMIS policies and procedures. Specifically, over the last year many system modifications have been made in order to create the infrastructure for implementation of Coordinated Entry.

The HMIS Lead Agency maintains the CoC’s Governance Charter for HMIS, the HMIS Privacy and Security Plan, the HMIS Data Quality and Functionality Plan, and the MOU with the CoC. These documents are reviewed and approved by the CoC’s Governing Board.

Narrative (optional)

Lehigh County consulted and coordinated with various agencies and organizations on both a county-wide and state-wide basis. The culmination of these efforts has resulted in the development of the County's FY 2018 Annual Action Plan.

The Lehigh County Department of Community and Economic Development (DCED) is the administering agency for the CDBG program. Close coordination is maintained with other County departments, as well as regional organizations such as the Community Action Committee of the Lehigh Valley, Discover Lehigh Valley, Greater Lehigh Valley Chamber of Commerce, Lehigh County Industrial Development Authority, Lehigh Valley Economic Development Corporation, Lehigh Valley Industrial Park, Inc., Lehigh Valley Planning Commission, and the Eastern PA Continuum of Care. Lehigh County Department of Community and Economic Development coordinated with each municipality in Lehigh County as well as various non-profit organizations, such as New Bethany Ministries, Lehigh Valley Community Land Trust, Valley Youth House, Community First Fund, Catholic Charities, Communities in Schools of the Lehigh Valley, Lehigh Career & Technical Institute, Lehigh Valley Center for Independent Living, Meals on Wheels, North Penn Legal Services, and the Literacy Center. These agencies and others helped aid the planning process. Lehigh County DCED works closely with the Lehigh County Commissioners and County staff to address projects and activities that extend beyond the County limits. The County and the regional agencies have a good working relationship.

1.  **Summary of citizen participation process/Efforts made to broaden citizen participation**
   **Summarize citizen participation process and how it impacted goal-setting**

The FY 2018 Annual Action Plan has many components which include citizen participation. These components include the following: applications for funding from CDBG agencies from municipalities/social service and housing organizations, meetings and phone calls with municipalities/social services, and housing agencies/organizations on how to complete the CDBG Applications. In addition, there were two needs hearings held, two (2) readings of the CDBG budget, and a final public hearing to gather public comments on the “draft plan” on public display. All these comments are included in the Annual Action Plan in the Citizen Participation Section of the Plan. Through the citizen participation process, the County uses citizen input to develop how the plan will best serve the needs of the low- and moderate-income population and to reach its goals of the Five Year Consolidated Plan.

Table 7 - Expected Resources – Priority Table

Reminder of Con Plan $
Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Lehigh County is eligible to receive funds during this program year from the following Federal, State, County, and Private Organizations:

- **Lehigh County Affordable Housing Trust Funds (AHTF)** - The Pennsylvania Optional County Affordable Housing Trust Funds Act of 1992 (Act 137), allows counties to raise revenues for affordable housing efforts by increasing the fees charged by the Recorder of Deeds Office for recording deeds and mortgages. The County raised the fee from $13 to $26 per document. Affordable Housing Trust Funds revenue is used to fund affordable housing initiatives and up to 15 percent may be used for the administrative costs to implement the initiatives. Eligible activities include using the revenues as the local matching funds to secure Federal and State Funds, construction or rehabilitation financing, housing related services, match for other State or Federal funds, and supporting first-time homebuyer second mortgage programs. Lehigh County will not allocate funds in FY 2018 from the Affordable Housing Trust Fund to allow the funds to grow and be used for future projects. The current balance of the AHTF is $387,756.00.

- **Continuum of Care Grant** - Lehigh County is part of the Lehigh Valley Regional Housing Advisory Board. This is a two (2) county region that applies for Continuum of Care funds each year. In FY 2017, the Lehigh Valley received funding for sixteen (16) projects totaling $3,088,260.00 for support services and permanent supportive housing projects throughout the region. Of the sixteen (16) projects funded, fourteen (14) were Tier 1 awards, and two (2) were Tier 2 awards. HUD will contract with these agencies during the FY 2018 program year.

- **The Lehigh County Housing Authority** - Expects to receive $488,870.00 in FY 2018 funds from the Public Housing Capital Fund Program, as well as Public Housing Operating funds and Section 8 Housing Choice Voucher assistance.

- **Emergency Solutions Grant (ESG) Funds** – Lehigh County received $154,483 from PA-DCED in FY 2016 State ESG funds for renovations to the Sixth Street Shelter operated by the Community Action Committee of the Lehigh Valley.

- Other federal funds that may be used in support of housing, community development, and economic development during FY 2018 include loans through HUD’s Section 108 Loan Program, Brownfields Economic Development Initiative (BEDI) grants, and HUD Supportive Housing Programs.
If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Not applicable. The County has not acquired or improved on any land, property, or buildings that are available for sale with CDBG funds.

Table 9 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Rationale for funding activities were based on the eligibility of the activity, if it met a national objective, who are the beneficiaries of the activity, and evidence of the need in the community or by the agency/organization. Additional consideration was given based on the community’s or the
agency’s/organization’s past history of expenditure of the CDBG funds, the ability to leverage other funds for the activity, past performance outcomes, and whether the FY 2018 request was related to projects that, if not funded, would result in a special assessment against low-income homeowners. Finally, a priority was given to activities based on the community or agency/organization’s ability to complete the project in a timely manner.

Lehigh County allocated its FY 2018 CDBG funds to provide assistance with activities that met the underserved needs of the communities participating in the program. The projects that meet the HUD criteria for benefit to low- and moderate-income households are located in those census tracts or block groups that are defined as low/mod areas. In selecting projects, consideration was given to the communities with concentrations of racial or ethnic groups and disproportionate needs standards.

Lehigh County has established the following criteria when setting its priorities for CDBG projects:

- Meeting the statutory requirements of the CDBG program
- Meeting the needs of very low-, low- and moderate-income residents
- Focusing on low- and moderate-income areas or communities
- Coordinating and leveraging of resources
- Response to expressed needs
- Projects that would otherwise cause a special assessment to be levied against low- and moderate-income households
- Ability to complete the project in a timely manner

Lehigh County does not anticipate any obstacles in the performance of the FY 2018 CDBG activities. Affordable housing was identified as the largest underserved need in Lehigh County in the Five Year Consolidated Plan. Lehigh County is not a HUD entitlement community under the HOME program. Therefore, resources for housing activities are limited. The primary obstacle to meeting the underserved needs are the limited resources available to address the identified priorities in the County. Lehigh County will continue to partner with other agencies when feasible, to leverage resources and maximize outcomes in housing, community, and economic development.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The following information provides a profile of the population, age, and racial/ethnic composition of Lehigh County. This information was obtained from the U.S. Census Bureau American Factfinder website, http://factfinder.census.gov. The 2012-2016 American Community Survey 5-Year Estimates were used to analyze the social, economic, housing, and general demographic characteristics of Lehigh County. The 5-year estimates are the most recent data available for the County. The 2010 U.S. Census data is included where possible.

Lehigh County’s overall population:

- Between 1980 and 2010, the population increased by approximately 28.3%, rising from 272,349 to 349,497.
- Between 2000 and 2016, the population increased by approximately 15.0%, rising from 312,090 to 358,792.

Lehigh County’s age of population:

- Median age in Lehigh County is 39.5 years old.
- Youth under age 18 account for 22.8% of the population.
- Adults between the ages of 35 and 60 account for 33.2% of the population.
- Adults that are 62 years and old account for 19.4% of the population.

Racial/ethnic composition of Lehigh County from the 2010 U.S. Census:

- 79.1% are White
- 18.8% are Hispanic
- 6.1% are Black or African American

The median income for a family of four (4) in the Allentown-Bethlehem-Easton, PA HUD Metro FMR Area is $73,400 for 2018. At the time of the 2012-2016 American Community Survey, median household income in Lehigh County was $57,685 which was higher than the Commonwealth of Pennsylvania ($54,895).

In Lehigh County, the overall percentage of low- and moderate-income (LMI) persons was 28.07% in 2010, while the First Quartile Low/Mod rate established by HUD is 38.92%. A total of 21 census tract and block groups across the County had a majority (i.e., more than 51.0%) of persons with incomes at or below 80% of the Median Family Income (MFI). A total of 36 block groups in the County had a Low/Mod rate equal to or greater than the First Quartile Low/Mod rate of 38.92%.

According to the U.S. Labor Department, the non-seasonally adjusted preliminary unemployment rate for Lehigh County in May 2018 was 4.1%, which was slightly lower than the seasonally adjusted preliminary
rate of 4.5% for the Commonwealth of Pennsylvania. The seasonally adjusted national unemployment rate for May 2018 was 3.8%, which was down from the 2017 rate of 4.3%.

Lehigh County will provide CDBG funds to activities principally benefitting low/mod income persons in the participating jurisdictions of the Urban County. Such assistance is not directed to any specific geographic area, but based on income benefit.

Areas of primary concern are those where race and income concentrations overlap. Low-income census tracts with concentration of Hispanic residents occur in: Whitehall Township, Catasauqua Borough, and Hanover Township.

Table 10 - Geographic Distribution

**Rationale for the priorities for allocating investments geographically**

Rationale for funding activities were based on the eligibility of the activity, the activity must meet a national objective, and evidence must be presented on the need in the community or by the agency/organization. Additional consideration was given based on the community’s or the agency/organization’s past history of expenditure of the CDBG funds, the ability to leverage other funds for this activity, and whether the FY 2018 request was related to projects that if not funded, would result in a special assessment against low-income homeowners. Finally, a high priority was given to activities based on the community’s or agency’s/organization’s ability to complete the project in a timely manner.

Lehigh County will provide CDBG funds to activities principally benefitting low/mod income persons in the participating jurisdictions of the Urban County. Such assistance is not directed to any specific geographic area, but based on income benefit.

Lehigh County has established the following criteria when establishing priorities for CDBG projects:

- Meeting the statutory requirements of the CDBG program
- Meeting the needs of very low-, low- and moderate-income residents
- Focusing on low- and moderate-income areas or communities
- Coordinating and leveraging of resources
- Response to expressed needs
- Projects that would otherwise cause a special assessment to be levied against low- and moderate-income households
- Ability to complete the project in a timely manner
Lehigh County does not anticipate any obstacles in the performance of the FY 2018 CDBG activities. Affordable housing was identified as the largest underserved need in Lehigh County in the Five Year Consolidated Plan. Lehigh County is not a HUD entitlement jurisdiction under the HOME program. Therefore, resources for housing activities are limited. The primary obstacle to meeting the underserved needs is the limited resources available to address the identified priorities in the County. Lehigh County will continue to partner with other agencies when feasible to leverage resources and maximize outcomes in housing and community development needs.

Discussion

During the FY 2018 CDBG program year, Lehigh County will not be able to fund any projects that support the production of new units. In addition, the County does not have any projects that are dedicated to homeless and special-needs households. All the projects are open to all income eligible residents of the County.

- Lehigh County will assist Catholic Charities – Self-Sufficiency & Intervention Program. This program will assist twenty-five (25) households with emergency subsistence payments which include rent and utilities for up to three (3) months.
- Lehigh County will assist the Lehigh Valley Community Land Trust - Rehabilitation and Resale project. This activity will result in the rehabilitation of one (1) existing owner-occupied household.
- Lehigh County will continue to fund the County-Wide Housing Rehabilitation Program (CWHRP) for owner-occupied housing, which is anticipated to help three (3) owner occupied households.
- Lehigh County will assist three (3) low- to moderate-income households through the renovation of blighted properties in its Blighted Property Renovation activity.
- Lehigh County will not allocate funds in FY 2018 from the Affordable Housing Trust Fund to allow the funds to grow and be used for future projects. The current balance of the AHTF is $387,756.00.
Eligible future activities for the AHTF funds include using the revenues as the local matching funds to secure HOME funds from the State, construction or rehabilitation financing, housing related services, match for other State or Federal funds, and supporting first-time homebuyer second mortgage programs.
AP-60 Public Housing – 91.220(h)

Introduction

The Lehigh County Housing Authority (LCHA) aims to address the needs of the extremely low-income, very low-income, and lower-income residents of Lehigh County. The mission of the Lehigh County Housing Authority is to provide affordable housing in the most efficient and effective manner to qualified individuals in accordance with the rules and regulations prescribed by the U.S. Department of Housing and Urban Development (HUD), the Commonwealth of Pennsylvania, the County of Lehigh and/or any other entity providing funding for affordable housing programs. This is done through LCHA assisting individuals and families through its public housing communities and Section 8 Housing Choice Vouchers. The Housing Authority promotes homeownership through its Family Self-Sufficiency Program.

Actions planned during the next year to address the needs to public housing

Each year, the Lehigh County Housing Authority (LCHA) receives an allocation of funds from HUD under the Capital Fund Program to undertake physical improvements. In addition, the LCHA receives operating subsidies to offset the operating deficits associated with public housing units and to carry out maintenance. The Lehigh County Housing Authority anticipates that it will receive $488,870.00 under a HUD Capital Fund grant for FY 2018 that it will use to replace 15 heat pumps at George Diliard Manor and 15 heat pumps at Ridge Manor. LCHA will also be making extensive repairs and painting to 4000 square feet of the fire stairwell and stairway at Ridge Manor; additionally, LCHA plans on using funds to replace 27 exterior doors along with replacing thresholds and adding 27 security screen doors.

The FY 2018 allocation will be used for the following activities:

- Operations $48,887.00
- Administration $48,887.00
- Fees and Costs $25,000.00
- Dwelling Structures $366,096.00
- **Total: $488,870.00**

The Lehigh County Housing Authority (LCHA) maintains 289 units of public housing and has a 98.1% occupancy rate. The public housing waiting list contains 1,477 applications, of which 591 are from seniors and 886 are from families. The family housing waiting lists were closed as of August 16, 2016, but the senior housing list remains open. The waiting lists are open for both currently, with the family Public Housing list having limited criteria to be eligible to apply.
Actions to encourage public housing residents to become more involved in management and participate in homeownership

Lehigh County supports the Housing Authority’s efforts to work with tenants of public housing and Section 8 Housing Choice Vouchers to achieve self-sufficiency. There are no joint projects planned for the FY 2018 program year.

Family Self-Sufficiency (FSS) programs are provided to Section 8 Housing Choice Voucher holders and public housing tenants. FSS program residents work with a case manager to develop goals that will, over a five (5) year period, lead to self-sufficiency. These goals may include education, specialized training, job readiness, job placement activities, and career advancement objectives. The goals for each participating family member are set out in Individual’s Training and Service Plan. LCHA has a baseline of 1,650 Section 8 Housing Choice Vouchers, with 1,252 applications on the waiting list. The Lehigh County Housing Authority has selected residents to access and review the Annual Action Plan when available.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Lehigh County Housing Authority is not designated as “troubled” by HUD and is performing satisfactorily according to HUD guidelines and standards.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

In the past year, PA-507 CoC merged with PA-509 to create the Eastern PA CoC, serving a total of thirty-three (33) counties. The 33 counties are organized into five (5) geographically dispersed Regional Homeless Advisory Boards (RHABs). Lehigh County is part of the Lehigh Valley Regional Homeless Advisory Board. The region is made up of two (2) counties which include: Lehigh and Northampton Counties.

According to the Governance Charter for the PA Eastern Continuum of Care Collaborative, the mission of the PA Eastern CoC is to end homelessness throughout the 33-county Continuum of Care. The CoC works toward ending homelessness by providing a framework for a comprehensive and well-coordinated regional and local planning process. This includes identifying needs, conducting a system-wide evaluation of existing resources and program activities, and building a system of housing and services that addresses those needs. This mission will be pursued through the development of long-range plans to prevent and end homelessness in the geographic area, as well as the coordination necessary for successful implementation. The objectives of the CoC include the following:

- Promote development of adequate funding for efforts for preventing homelessness, rapidly re-housing homeless persons, and stabilizing their housing;
- Maximize potential for self-sufficiency among individuals and families experiencing homelessness;
- Promote full access to, and effective use of, mainstream programs.

The Funding Committee is responsible for project selection and ranking for submission through the annual application to HUD. In this capacity, it reviews all documents from the previous funding round; sets a schedule and time line for the current funding round; develops and edits forms for new project and renewal evaluations; develops ranking criteria; collaborates with the Data Management, Collection, and Outcomes Committee, as necessary; and provides ranking reports to the CoC. In addition, in order to increase CoC-wide performance, ensure the strategic use of HUD funds, and develop new resources, this Committee will also be charged with developing the CoC’s reallocation strategy. This includes setting policy to make any funding cuts or allocate new resources, based on the NOFA for the Continuum of Care.

To reduce first-time homelessness, the CoC has increased its homeless prevention resources through PHARE (Marcellus Shale fees), ESG, Supportive Services to Veteran Families (SSVF), and other funds. The CoC’s Coordinated Entry pilot program was initiated in the Lehigh Valley in December 2016 and expanded to all 33 counties in January 2018.

Lehigh County will not allocate funds in FY 2018 from the Affordable Housing Trust Fund to allow the funds to grow and be used for future projects. The current balance of the AHTF is $387,756.00.
Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Continuum of Care completes a regular “Point in Time Count Survey” each January to determine the number of homeless individuals and families in the Eastern Pennsylvania Region. Based on the Point in Time Count (PITC) conducted during January 2018, the following numbers of homeless persons were reported in Lehigh County:

- **Unsheltered** - 57 individuals, 0 families with children, and 0 children only
- **Transitional Housing** - 75 individuals, 17 families with children, and 0 children only
- **Emergency Shelter** - 264 individuals, 47 families with children, and 0 children only

In the entire Eastern Pennsylvania COC, there were 346 unsheltered persons, 620 persons in transitional shelter, and 1,032 in emergency shelter. There were 126 children under the age of 18, with 31 in a transitional shelter and 95 in an emergency shelter. The three (3) counties that have historically reported the majority of chronic homelessness in Pennsylvania are Lehigh, Northampton, and Monroe Counties. Per the 2018 Point-In-Time Count, of the entire 1,998 persons counted, Lehigh (19.8%), Northampton (16.1%), and Monroe (9.6%) comprised the almost one-half (45.5%) of all homeless persons.

CoC policies require all Permanent Supportive Housing (PSH) projects to prioritize beds based on Notice 14-012, “Notice on Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons in Permanent Supportive Housing and Recordkeeping Requirements for Documenting Chronic Homeless Status”, which directs Permanent Supportive Housing resources to those with the greatest “Length of Time Homeless” (LOTH). However, some PSH projects have had very little turnover since the adoption of the policy.

The biggest risk factors of homelessness continued to be: 1) a person or family doubled-up with another family, 2) being released from a psychiatric facility, 3) being released from a substance abuse treatment facility, or 4) being released from a correctional facility. The Data points to the need to identify which institutions within the 33-County Eastern PA CoC were not using adequate discharge planning, and to improve their coordination with the CoC. To reduce first-time homelessness, the CoC has increased its homeless prevention resources through PHARE (Marcellus Shale fees), ESG, Supportive Services to Veteran Families (SSVF), and other funds. The Coordinated Entry pilot program, recently approved by the 33-county Eastern PA CoC, began in the Lehigh Valley in December 2016.

Addressing the emergency shelter and transitional housing needs of homeless persons

While the County did not apply for any ESG funds in FY 2017, the County applied for a PA-DCED Emergency Solutions Grant (ESG) in FY 2016 in the amount of $177,101 for renovations to the Sixth Street Shelter operated by the Community Action Committee of the Lehigh Valley, and
homeless prevention and rapid re-housing services through Catholic Charities. The County was approved for $154,483 which included: administration ($5,783/ Lehigh County staff hours only), HMIS ($1,500) and renovations ($147,200) at the Sixth Street Shelter only. The Sixth Street Shelter matched the ESG funds with Human Services Block Grant (HSBG) funds.

The shelter and transitional housing that is available in Lehigh County included the following:

- Community Action Committee of the Lehigh Valley - Sixth Street Shelter (Emergency Shelter)
- Community Action Committee of Lehigh Valley - Turner Street Apartments (Transitional Housing)
- Salvation Army Emergency Shelter (Emergency Shelter)
- Salvation Army Transitional Shelter (Transitional Housing)
- Allentown Rescue Mission (Emergency Shelter)
- Allentown Rescue Mission Christian Living and Values Transitional Program (Transitional Housing)
- Turning Point of the Lehigh Valley (Domestic Violence) (Transitional Housing)
- The Program for Women and Families, Inc. (Transitional Housing)
- Valley Youth House (Emergency Shelter)
- Valley Youth House - Maternity Group Home (Transitional Housing)
- Valley Youth House - Supportive Housing for Families (Transitional Housing)
- Valley Youth House - Supportive Housing for Youth (Transitional Housing)

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Using HUD System Performance Measure Guidance, the HMIS Lead developed a CoC Performance Report with metrics for “Length of Time Homeless” and reviewed this data with the CoC Data Committee, which meets quarterly to review CoC Performance and identify needed interventions. In 2015, the LOTH in Transitional Housing was 317 days. As such, the CoC reallocated all Transitional Housing projects in FY 2016 and FY 2017 allowing for significant expansion of Rapid Rehousing and Coordinated Entry.

HMIS is used to monitor and record returns to homelessness, which is monitored through the Data Subcommittee each quarter. Based on First Year System Performance Measure results, an overall 12% of persons returned to homelessness within two (2) years. Of these 243 persons, nearly 66% (160) had exited Emergency Shelter. The CoC is significantly increasing Permanent Housing resources through reallocation and Permanent Housing bonuses, which will assist those exiting shelters. Currently, 67% of persons staying in shelters are exiting to Permanent Housing.
Severity of need is taken into consideration in prioritizing people experiencing homelessness. This is determined in a number of different ways in the ranking criteria. Specific vulnerabilities considered included chronic homelessness; most significant health and behavioral health needs; youth; and victims of domestic violence. CoC policies require all Permanent Supportive Housing (PSH) projects to prioritize beds to those with the greatest LOTH, but some PSH projects have had very little turnover since the adoption of policy. As a result, the level of vulnerability within PSH projects may widely vary. To adjust for this discrepancy, the ranking included a question measuring “severity of need” based on the vulnerabilities from the Annual Performance Report to HUD. This question asked about additional criteria relevant to vulnerability, including not scoring victims of domestic violence on recidivism, and scoring youth differently on employment outcomes.

At the time of the 2018 PITC, there was one (1) unsheltered Veteran in Lehigh County and eight (8) sheltered Veterans. The state’s ESG program prioritizes funding for programs providing homeless services to Veterans, and there are nine (9) Supportive Services for Veteran Families (SSVF) funded organizations providing outreach throughout the 33-countywide CoC. This includes street outreach, marketing, and providing information to shelter residents/staff. SSVF staff works with Veterans to determine eligibility.

The Lehigh Valley Homeless Veteran Task Force was created in February 2015. The Lehigh County Office of Veterans Affairs coordinates the Task Force. The three SSVF providers serving Lehigh and Northampton counties, Hope for Veterans, Catholic Charities, and the Lehigh Valley Center for Independent Living (LVCIL), are the main resource for rapid re-housing and homelessness prevention. These organizations have the financial resources to provide rental assistance immediately to qualifying veterans. Veterans are also linked to these agencies’ Support Coordinators by shelters and community resource providers. The Allentown Housing Authority administers the HUD-VASH program for the Lehigh Valley. This program is coordinated through the Wilkes-Barre VA Medical Center.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

In the Eastern PA Continuum of Care’s Five-Year Strategic Plan to Reduce and End Homelessness (2017-2021), the COC outlines the following goals and actions under “Strategy 1: Prevent and Divert Homelessness.”

A. Evaluate and Improve Discharge Planning where Needed

- Evaluate current discharge planning from these systems to help stem the flow of individuals leaving institutional settings and entering homelessness because they lack stable housing options.
• Research and provide information to other systems/organizations on effective discharge planning policies/procedures for individuals and households at risk of entering homelessness upon discharge, as well as information on available housing resources.
• Engage with statewide efforts to improve discharge planning policies across systems, emphasizing the need for permanent housing placement for those exiting institutions.

B. Increase Coordination of Homeless Prevention Sources

• Assess the use of existing funding available for prevention and identify gaps.
• Coordinate funding (including ESG, HAP, PHARE) across the CoC so that resources are used effectively. For example, the CoC may decide to channel prevention resources to geographic areas where emergency shelter access is limited, either due to wait lists or lack of shelter facilities.
• Investigate the use of tools, such as the Prevention VI-SPDAT, to help the CoC more effectively assess households requesting assistance.
• Ensure coordination of prevention activities with Coordinated Entry to increase the effectiveness of the system.

Furthermore, “Strategy 2” of the COC’s Five-Year Strategy Plan focuses on the streamlining of the system and better coordination among housing and social services through the COC’s Coordinated Entry System. Lack of resources, combined with the lack of a well-developed coordinated entry process, results in severe hardships for persons experiencing homelessness who often face long wait times to receive assistance or are screened out of needed assistance. Coordinated entry processes help communities prioritize assistance based on vulnerability and severity of service needs to ensure that people who need assistance the most can receive it in a timely manner. Coordinated entry processes also provide information about service needs and identify gaps to help communities plan their assistance and resources.

The Eastern PA CoC undertook a comprehensive Coordinated Entry planning process including stakeholder input across the CoC via survey and public meetings. Coordinated Entry is currently being piloted in the Lehigh Valley. It was rolled-out to the entire CoC in early FY 2018. A core component of the CoC’s ongoing efforts to utilize resources more effectively and reduce unnecessary entries into the homeless system is the implementation of this Coordinated Entry System (CES). As part of the CES, household needs will be assessed and matched with the housing intervention that best addresses their needs. This will allow the CoC to better understand who is entering the homeless system, along with their level of need, and to deploy resources more efficiently across the system. The CoC’s Coordinated Entry System Committee will continue to lead the implementation of the CES. The Governing Board will be updated regularly regarding the progress of the CES implementation and provide input as needed.
The value of a coordinated entry system for housing crisis response services is described by the Lehigh Valley Coordinated Entry Pilot Project below:

- Connects more people to the right solution to end their housing crisis as quickly as possible
- Ensures fair and equal access to services
- Helps overcome geographic, cultural and linguistic barriers to access
- Prioritizes service for families and individuals who are literally homeless and most vulnerable
- Empowers providers to end homelessness rather than simply manage it
- Frees providers to focus on service provision with more accurate information to make decisions
- Improves communications, response time, data collection and efficient use of scarce funding and resources
- Generates better data about community needs, gaps in service, system performance and system/community/provider outcomes
- Supports a “Housing First” approach to exiting people from homelessness to permanent housing with stability and then connecting them to mainstream and community services and benefits

Lehigh County budgeted $29,700.00 in FY 2018 CDBG funds for the Catholic Charities – Self-Sufficiency & Intervention Program to assist twenty-five (25) households. This program provides counseling, short-term rental assistance, and utility payments to assist in the prevention of homelessness. In addition, thirty (30) persons will receive housing counseling services. Lehigh County, through its various human services programs, provides support to all the categories of non-homeless special needs populations. The County also budgeted $15,062.00 in FY 2018 CDBG funds for the Lehigh Valley Center for Independent Living - People Living in Accessible Community Environments (PLACE) Program, which will assist forty-two (42) persons with housing location assistance and provide for fair housing workshops for landlords.

The Lehigh County Department of Human Services provides a wide range of programs for its elderly, substance abusers, people with mental health and intellectual disabilities, children and youth, and veterans. During this program year, the County also budgeted $20,000.00 in FY 2018 CDBG funds for the Meals on Wheels of Lehigh County - Meal Preparation and Delivery project. The project provided funds for meals to homebound seniors and adults with disabilities.
AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Lehigh County, in cooperation with the Lehigh County Housing Authority, is currently in the process of preparing an Analysis of Impediments to Fair Housing Choice (AI). The AI will examine any impediments to fair housing choice throughout Lehigh County and will focus on the status and interaction of six (6) fundamental conditions within the County:

- The sale or rental of dwellings (public or private);
- The provision of housing brokerage services;
- The provision of financial assistance for dwellings;
- Public policies and actions affecting the approval of sites and other building requirements used in the approval process for the construction of publicly assisted housing; and
- The administrative policies concerning community development and housing activities, which affect opportunities of minority households to select housing inside or outside areas of minority concentration.

Where there is a determination of unlawful segregation or other housing discrimination by a court or a finding of noncompliance by HUD regarding assisted housing in a recipient’s jurisdiction, an analysis of the actions which could be taken by the recipient to remedy the discriminatory condition, including actions involving the expenditure of funds made available under 24 CFR Part 570.

Lehigh County held stakeholder meetings with local officials, agencies, firms, and non-profit organizations concerned about housing issues in the County to help identify barriers to fair housing choice. These meetings were held on Monday, June 5, 2017 and Tuesday, June 6, 2017. There were also two (2) Public Meetings held in Lehigh County to assemble information for the AI. The first Public Meeting was held on Monday, June 5, 2017 at 6:00 PM at the Lehigh Valley Planning Commission, and the second Public Meeting was held on Tuesday, June 6, 2017 at 4:30 PM at the Whitehall Municipal Building.

Lehigh County is currently in the process of summarizing its findings and analyzing data obtained through phone interviews and agency surveys for any agency/organization that was unable to attend the stakeholder or public meetings. The County also created a confidential resident survey which was distributed to the residents of Lehigh County in both English and Spanish. The Resident Survey was available online through Survey Monkey in both English and Spanish. The County requested that agencies/organizations print out the resident surveys and place them in their offices or lobbies, and emailed the link for the online surveys to their staff and clientele.

The most pressing need to come out of the meetings was an overall shortage of housing in Lehigh County to house the growing population. What is especially needed is affordable housing, particularly in light of the increase in low- and moderate-income jobs in Lehigh County, and a need for transportation to these new job sites. The County plans to submit its Analysis of Impediments to Fair Housing Choice in the Fall of 2018.
Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

North Penn Legal Services (NPLS) is a sub-recipient of FY 2018 CDBG funds from Lehigh County. NPLS is funded as a public service activity and provides legal aid related to affordable housing, serving low- and moderate-income residents living in Lehigh County outside of Allentown and Bethlehem. NPLS staff provides assistance to residents who face eviction, are denied housing, or are forced to live in uninhabitable conditions. This activity is conducted through workshops held at local social service agencies and in mobile home parks. Information on foreclosures, consumer issues, and fair housing is also provided to the residents of Lehigh County.

In addition, NPLS monitors housing practices and counsels victims of discrimination. NPLS policies and activities promote the awareness of fair housing requirements. They provide consultation to developers and municipalities to ensure that rental and for-sale units are marketed in accordance with the affirmative marketing rules of the U.S. Department of Housing and Urban Development. NPLS ensures that all housing programs and services provided by Lehigh County, its municipalities, and NPLS itself, are administered in a way that promotes fair housing on the basis of race, national origin, religion, gender, disability, and familial status. NPLS’ fundamental mission is to increase access to affordable housing for all persons.

The Community Action Committee of Lehigh Valley (CACLV) implements the Community Action Financial Service Program, which will be funded through the Affordable Housing Trust Funds. The program provides homebuyer education, counseling, foreclosure prevention and recovery counseling to LMI persons living within the targeted area of Lehigh County. These areas include Whitehall, Coopersburg, Orefield, Emmaus, Fountain Hill, Coplay, and Slatington. Program outreach is conducted in all of these areas. In addition to the housing counseling services provided to income-eligible persons, at least one (1) home ownership seminar will be conducted within the targeted areas.

The Lehigh Valley Planning Commission’s plans to continue to offer the “Beyond Codes: Fair Housing and Inclusionary Zoning” presentation in partnership with North Penn Legal Services to municipalities, their officials, planning commissions and chief administrators. The presentation explains the differences between the Fair Housing Act, inclusionary zoning, and the Uniform Construction Code (PA’s building code), as well as what the rights and the obligations are of the municipalities in abiding by the federal and state fair housing regulations. It also offers examples of what municipalities can and cannot do in zoning practice, subdivision and land development regulations, and zoning administration.

Discussion:

The Lehigh Valley Planning Commission (LVPC) developed and is promoting the use of their model ordinances for inclusionary zoning. The model ordinances were made public and are available through the LVPC website (www.lvpc.org) and the LVPC office. They have been praised by HUD as the standard for Pennsylvania communities to adopt. The titles of the model ordinance and guidance documents include
the following: Conservation Subdivisions, Cottage Housing Development, Density Bonuses/Minimum Density, Inclusionary Zoning, Street Connectivity, Traditional Neighborhood Development, and Mixed Use Zoning and Development.

To further promote Fair Housing, the following actions will be implemented by Lehigh County through its Fair Housing Plan by Affirmatively Furthering Fair Housing through various activities noted below:

1. A Fair Housing Officer has been appointed to administer (responsibilities include accepting complaints, record keeping and investigation in conjunction with NPLS).

2. Continue to enlist NPLS in the enforcement of fair housing through public education and outreach.

3. Continue to fund fair housing providers to report housing discrimination complaints.

4. Continue to investigate testing and auditing of fair housing practices through its regional fair housing providers.

5. Educate and attempt to overcome the “Not in My Back Yard” (NIMBY) attitude throughout the County through its fair housing providers.

6. Make every attempt to increase geographic choice in housing by providing links on its website for its low-income households.

7. Promote desegregation of public housing.

8. Update its fair housing section on the County website with news and items regarding fair housing (i.e. links to fair housing providers to report housing discrimination).

9. Assist in the organization of a federally supported community-based system (such as LANTA) that organizes key elements in its community to direct attention to, and help develop strategies to, affirmatively further fair housing.

10. On an annual basis, Lehigh County will declare, via proclamation, April to be Fair Housing Month.

11. Outreach to public – provide updated Housing Discrimination information.
AP-85 Other Actions – 91.220(k)

Introduction:

Lehigh County has developed the following actions planned to: address obstacles to meeting underserved needs, foster, and maintain affordable housing, reduce lead-based hazards, reduce the number of poverty-level families, develop institutional structures, and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

Despite efforts made by Lehigh County and social service providers in the County, a number of significant obstacles to meeting underserved needs remain. Funding becomes the greatest obstacle for Lehigh County to meet its underserved needs. Insufficient funding lessens the ability to fund many worthwhile public service programs, activities, agencies, and the needs of local municipalities. Lehigh County will use its CDBG funds to provide assistance to activities that meet the underserved needs of the communities participating in the program. The most difficult obstacle to meeting the needs for affordable housing is a considerable lack of public and private finances to fully address the priorities identified in the Five-Year Strategic Plan. Building the organizational infrastructure to undertake projects and programs that rehabilitate and expand the housing supply is also challenging. In the Lehigh Valley Housing Needs Assessment, the following findings were identified:

- There are opportunities available for more collaborative initiatives between for-profit developers and non-profit organizations in the Lehigh Valley. By partnering with an experienced for-profit developer, a smaller non-profit can enhance its capacity in budgeting, planning, financing, and construction management skills.
- There are also opportunities for public housing authorities to create new affordable housing outside of HOPE VI funding.
- Developers identified the insufficient supply of land zoned for multi-family housing as one of the factors driving up the cost of land acquisition and development. Outreach initiatives focused on educating public officials and planning commissions on the benefits of affordable housing may encourage the rezoning of more land to multifamily zoning designations, as well as eliminate unnecessary and excessive development standards for multi-family housing.
- Active and productive non-profit housing developers need ready access to capital in order to finance the front-end soft costs associated with new development. Utilizing a lesser-restrictive source of financing for this (such as Act 137 Affordable Housing Trust Fund resources) would enable non-profits to seek out additional development opportunities and fully investigate the financial feasibility of potential projects early on.

The Lehigh Valley Planning Commission has developed various model zoning and land use controls to encourage affordable housing. Lehigh County will continue its work with the Lehigh Valley Planning Commission (LVPC) to develop and promote model ordinances for inclusionary zoning. Lehigh County has an Affordable Housing Trust Fund. The fund provides support for affordable housing projects in the County.
Actions planned to foster and maintain affordable housing

Under its FY 2018 CDBG Program, Lehigh County proposes to foster and maintain affordable housing through the following Five Year goals and strategies:

**GOAL: HOUSING - H**

**H-1: Retain Existing Housing Stock** - rehabilitate and stabilize the housing stock of both owner- and renter-occupied housing.

The County’s objectives to meet this goal are:

**Five year:**

- Rehabilitate 50 owner-occupied housing units.
- Encourage the rehabilitation of 150 rental units that are affordable to lower income households.
- Provide 150 homeowners facing foreclosure with access to foreclosure mitigation counseling services.

**Annual:**

- Rehabilitate four (4) renter-occupied housing units and replace an elevator and driveway (47 persons).
- Rehabilitate seven (7) owner-occupied housing units for low- and moderate-income families.

**H-3: Homebuyer’s Assistance** - Provide down payment and closing cost assistance for low- and moderate-income homebuyers.

The County’s objectives are:

**Five year:** Assist 20 lower income households achieve homeownership.

**Annual:** Assist lower-income households to achieve homeownership through the Affordable Housing Trust Funds.

**Actions planned to reduce lead-based paint hazards**

Lead-based paint poses a particular hazard to children under the age of six and is the focus of efforts by the U.S. Department of Housing and Urban Development (HUD) to raise awareness of the problem and mitigate or eliminate the hazard. Lead-based paint was banned in 1978, but housing constructed prior to that time typically contains lead-based paint to some degree. Lead hazards are addressed during housing rehabilitation efforts. All homes built prior to 1978 that receive rehabilitation assistance are tested for the presence of lead-based paint. When evidence of the paint is found, the paint surfaces are removed or the material is encapsulated to prevent exposure.
The EPA guidelines for renovation, paint and repair, effective April 22, 2010, require that all contractors notify owners of properties constructed prior to 1978 of the potential for lead-based paint hazard and to perform work in a lead safe manner. Contractors must be trained and registered with EPA to do work in older homes that disturbs painted surfaces. Local building code officers will be made aware of these requirements. Contractors must provide appropriate notice to owners of properties that will be rehabilitated about the dangers of lead-based paint.

**Actions planned to reduce the number of poverty-level families**

Approximately 13.0% of Lehigh County’s residents live in poverty, which is slightly less than the Commonwealth of Pennsylvania, where 13.3% of residents live in poverty. Female-headed households with children in the County are particularly affected by poverty, at 36.8%. This information is taken from the 2012-2016 American Community Survey Five-Year Estimates. The County’s goal is to reduce the extent of poverty by actions the County can control and through work with other agencies/organizations.

Poverty is related to education, job training, and employment. Lehigh County remains committed to addressing the needs of its residents who live at or below the poverty level. The presence of poverty and the related social and economic problems can be a destabilizing element in communities.

In Lehigh County, the Community Action Committee of the Lehigh Valley (CACLV) is the official anti-poverty agency. CACLV provides rent and utility assistance, case management, and counseling services to assist with financial management, benefit entitlement assistance, home weatherization to reduce utility costs, furniture and household goods, alcohol and mental health counseling, foreclosure mitigation counseling, child care, transportation to work for up to six (6) months and assistance in purchasing a dependable vehicle, and other various programs that empower low-income households by assisting them to develop the skills needed for independent living.

Lehigh County provides CDBG funds to public service agencies to assist households below the poverty level with services and program support. The County will work with service providers to pursue resources and innovative partnerships to support the development of affordable housing, homelessness prevention, and emergency food and shelter. Lehigh County funded several projects with FY 2018 CDBG funds to assist residents and families living in poverty:

- Catholic Charities – Self-sufficiency & Intervention Program – $29,700.00
- Communities in Schools of the Lehigh Valley – School-to-Career Program – $25,000.00
- Lehigh Career Technical Institute – Scholarships for Section 3 Residents – $19,500.00
- Lehigh Valley Center for Independent Living – People Living in Accessible Community Environments (PLACE) Program – $15,062.00
- The Literacy Center – ESL & ABE Courses – $15,000.00
- Meals on Wheels – Meal Preparation and Delivery – $20,000.00
- North Penn Legal Services – LMI Legal Help – $10,000.00
To assist with economic development and to promote job creation, Lehigh County administers various programs and supports agencies for economic development:

- Lehigh County works in conjunction with Lehigh Valley Economic Development Corporation (LVEDC), community organizations, other economic development groups and the Workforce Investment Board to help enhance programs and create opportunities in the County.
- Lehigh County Economic Development Corporation (LVEDC) is able to provide manufacturing, industrial, and nonprofit organizations with low-interest financing generated through tax exempt revenue bonds.
- Pennsylvania CareerLink® Lehigh Valley offers job search counseling, skills assessment programs, GED courses, information on training programs and workshops on many subjects, including resume writing and interview skills. Considered a one-stop location for all employment needs, CareerLink offers a multi-faceted approach to the job market.

**Actions planned to develop institutional structure**

The primary responsibility for the administration of the Annual Action Plan is assigned to the Lehigh County Department of Community and Economic Development. This agency coordinates activities among local municipal governments, public and private organizations, in their efforts to implement different elements and to realize the prioritized goals of the Annual Action Plan.

In order to address the County’s housing and community development needs, the County has established an extensive public-private partnership aimed at revitalization in the County. In 2018, the partnership includes the following agencies:

- North Penn Legal Services
- Catholic Charities, Diocese of Allentown
- Lehigh Career & Technical Institute
- Meals on Wheels of Lehigh County, Inc.
- Lehigh Valley Center for Independent Living (LVCL)
- The Literacy Center
- Lehigh Conference of Churches
- Lehigh Valley Regional Homeless Advisory Board
- Lehigh Valley Community Land Trust (LVCLT)
- Communities in Schools of the Lehigh Valley

Lehigh County consults with business and civic leaders during its planning process for the preparation of its Annual Action Plan and Five Year Consolidated Plan. This includes, but is not limited to, the following:

- The Greater Lehigh Valley Chamber of Commerce
- Community Action Committee of the Lehigh Valley
- Lehigh Valley Workforce Development Board
- Local elected officials
The Department of Community and Economic Development has been working closely with CACLV and the Lehigh Valley Community Land Trust (LVCLT). The LVCLT plays a major role in the implementation of the NSP I program.

The County hired a third-party vendor, Community Grants, Planning & Housing, LLC (CGP&H) to implement its County-wide housing rehabilitation program. CGP&H is continuing its work with the County to ensure that the housing rehabilitation program provides assistance to lower income homeowners.

Lehigh County is part of the Lehigh Valley Regional Housing Advisory Board. To promote a more local approach, the City of Allentown has initiated a planning process that will require regional support. Lehigh County has been supportive of this initiative.

The Lehigh Valley Planning Commission will also be the entity responsible for performing project oversight required under Executive Order 12372. HUD has acknowledged that the Commonwealth of Pennsylvania no longer has a standing committee for this required function and has asked jurisdictions instead to utilize committees under Section 204 of the Demonstration Cities and Metropolitan Development Act of 1966. This function will be carried out by the Lehigh Valley Planning Commission.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The primary responsibility for the administration of the Annual Action Plan is assigned to Lehigh County’s Department of Community and Economic Development. This agency will coordinate activities among local municipalities, public, and private organizations in their efforts to implement different elements and to realize the prioritized goals of the Annual Action Plan. The County is committed to continuing its participation and coordination with public, housing, and social service organizations. The County solicits applications for CDBG funds. In addition, the County sends out applications to a list of agencies, organizations, housing providers, and local municipalities that have previously submitted an application or which have expressed an interest in submitting an application. The applications are reviewed by the Department of Community and Economic Development staff and any questions are discussed with the applicant.

Lehigh County will continue efforts to enhance coordination between agencies by creating partnerships such as in the implementation of the Section 3 and MBE-WBE outreach initiatives. The Section 3 outreach effort will partner with the PA CareerLink®, the Lehigh County Housing Authority and LCTI to identify Section 3 residents and businesses and to provide feedback on available job opportunities. Such partnerships help to develop a better understanding of community needs. The County budgeted $19,500.00 in FY 2018 for the Lehigh Career & Technical Institute – Scholarships for Section 3 Residents project, which will provide four (4) scholarships for low- and moderate-income individuals to attain a CDL-A and/or HEO certification.
The Affordable Housing Task Force is a regional group that includes Lehigh County. This group is developing the tools for and interest of the local municipalities for inclusionary zoning, cottage housing development, density bonuses, and transit-oriented development.

The Lehigh Valley Economic Development Corporation (LVEDC) was awarded a Sustainable Communities Regional Planning Grant from HUD during Lehigh County’s Five Year Consolidated Plan period (2012-2016). Through this effort, the Five-Year Strategic Plan and the larger regional plan was being prepared. As described in Prosper Lehigh Valley, a blog on economic development in the Lehigh Valley, eleven (11) agencies came together to apply for this grant through the U.S. Department of Housing and Urban Development (HUD). This grant was one of a few programs that was made possible through the Federal Office of Sustainable Communities, a historic collaboration among HUD, U.S. Department of Transportation, and the U.S. Environmental Protection Agency. Locally, the eleven (11) partners applied through the Lehigh Valley Economic Development Corporation as the Lehigh Valley Sustainability Consortium (LVSC).

The members of the LVSC consist of:

1. Lehigh County Department of Community and Economic Development
2. Northampton County Department of Community and Economic Development
3. Lehigh Valley Planning Commission
4. Lehigh and Northampton Transportation Authority
5. Community Action Committee of the Lehigh Valley
6. The Wildlands Conservancy
7. Lehigh Valley Economic Development Corporation
8. Renew Lehigh Valley
9. City of Allentown
10. City of Bethlehem

Discussion:

Monitoring

Performance monitoring is an important component in the long-term success of the County’s Community Development Block Grant (CDBG) Program. The County, through the Department of Community and Economic Development (DCED), has developed standards and procedures for ensuring that the recipients of CDBG funds meet the regulations and that funds are disbursed in a timely fashion. The County has promulgated sub-recipient monitoring procedures and developed checklists to ensure that each activity is completed in a manner consistent with the requirements of the Community Development Block Grant Program. Municipal sub-recipients are desk audited through submission of quarterly and annual reports.

The DCED staff regularly monitors the progress of every activity to ensure timeliness. Municipal projects and sub-recipients are held to a performance schedule through contract obligations. When these
milestones are not met, the DCED staff works closely with the municipality to get the project back on track or reallocate the funds.

The DCED’s standards and procedures for monitoring are designed to ensure that:

- Objectives of the National Affordable Housing Act are met,
- Program activities are progressing in compliance with the specifications and schedule for each program, and
- Recipients are in compliance with other applicable laws, implementing regulations, and with the requirements to affirmatively further fair housing and minimize displacement of low-income households.

Activities of sub-recipient non-profit agencies will be closely monitored and will include review and approval of budgets, compliance with executed grant agreements, review and approval of vouchers, review of fiscal reports on a quarterly basis, and a review of audits on an annual basis. Monitoring will also occur through on-site monitoring visits. These visits will occur as necessary, but will be conducted at least once a year.

All sub-recipients must identify the personnel working on the project, keep accurate records and filing systems to document program benefits and compliance, maintain an appropriate financial management system and submit an audit.

There are monitoring responsibilities that go beyond the time of completion of various activities. The overall performance of the program relative to the Five-Year Strategic Plan goals is monitored at least bi-annually through the selection of the annual activities and again during the preparation of the Comprehensive Annual Performance and Evaluation Report (CAPER). If it appears that proposed goals are not being addressed, the County will re-evaluate the goals, project performance and determine the course of action needed to bring the program into compliance.
Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

Lehigh County receives an annual allocation of CDBG funds. The County does not expect to generate program income from any CDBG funded activities in FY 2018. The County-wide Housing Rehabilitation program has a five (5) year forgivable loan period. However, should the owner of the residence sell, move, or the residence is no longer its principal residence, the owner would have to repay a prorated portion of the loan to the County. Repayment is based on the time the homeowner resided in the residence during the lien period. Since the County receives a CDBG Federal allocation, the questions below have been completed, as applicable.

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low- and moderate-income. Specify the years covered that include this Annual Action Plan. 89.8%

The County has allocated $144,262.00 to public service activities, which is below the 15% public service cap at 14.7%. The balance of funds will be allocated to activities which principally benefit low- and moderate-income persons in the amount of $881,757.00 (89.8%) and $100,000 for an activity which prevents or removes slum and blighting conditions (10.2%).

CDBG Percentages:

- Administrative Percentage: 20.0%
- Public Service Percentage: 14.7%
- Low- and Moderate-Income Percentage: 89.8%

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2016, 2017, and 2018 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

Order #: 5506450
LEHIGH COUNTY, PENNSYLVANIA
COMMUNITY DEVELOPMENT BLOCK
GRANT (CDBG)

PUBLIC HEARING NOTICE AND
REQUESTS FOR PROPOSALS
FROM NON-PROFITS AND MUNICIPAL
AGENCIES

Notice is hereby given by Lehigh County, PA that it will hold public hearings, on March 26, 2018 at 5:30 pm and March 29, 2018 at 2:00 pm, prevailing time, in the Public Hearing Room of the Lehigh County Government Center, 17 South 7th Street, Allentown, PA 18101. The Government Center is accessible to persons with physical disabilities. If special arrangements need to be made to accommodate citizens in order for them to participate in the public hearing, please call the Office of Community Development, at (610) 871-1964 (PA Relay Center TDD, 711) to make those arrangements.

The purpose of the public hearings is to discuss the County’s Community Development Block Grant Program (CDBG), and the community development, housing, and economic development needs of Lehigh County. The County will afford non-profits and municipal jurisdictions and agencies the opportunity to request funds for projects and activities. This information will be utilized by the County in its preparation of the FY 2018 Annual Action Plan. The actual allocation of funds that Lehigh County is eligible to receive is not known at this time since it has not been determined by HUD. In FY 2017, Lehigh County received $1,118,857 in CDBG funds. In order to receive these funds, Lehigh County must prepare a One Year Annual Action Plan for the use of the CDBG funds. At least 70% of the CDBG funds must benefit low- and moderate-income persons. The County intends to afford citizens, local agencies, and interested parties the opportunity to become involved in the planning process.

The following types of activities may be eligible for funding under the CDBG.
**Blue Jackets 5, Flyers 3**

**Philly's collapse continues**

Team is 1-7 in March and struggling to make Stanley Cup playoffs.

Of the Philadelphia Inquirer (799)

PHILADELPHIA — The Flyers’ season has taken a turn for the worse as they’ve dropped four straight. The last four games have been especially tough, as the Flyers have lost three of the past four games.

The Flyers’ defense has struggled throughout the season, but it’s been particularly bad in March. The Flyers have allowed 13 goals in their last four games, including six goals in their last two games.

The Flyers’ power play has also been a major problem. They have scored just six goals in their last 14 games, including zero goals in their last three games.

The Flyers’ offense has been up and down this season, but it’s been especially poor in March. The Flyers have scored just 10 goals in their last four games, including zero goals in their last two games.

The Flyers’ goaltending has also been a problem. They have allowed 13 goals in their last four games, including seven goals in their last two games.

The Flyers have not been able to find consistent success in March. They have lost four straight games, and their record in March is now 1-7-0.

The Flyers’ season is not over yet, but they need to find some consistency if they want to make the playoffs. They have a lot of work to do to get back on track.

Dear Prospective 2018 CDBG Applicants:

Lehigh County is once again beginning the process of accepting applications for its Community Development Block Grant (CDBG) Program. Lehigh County anticipates receiving an award of $1,100,000.00 for the 2018 CDBG allocation.

The primary objective of Lehigh County’s CDBG Program is the development of viable communities by providing decent housing and a suitable living environment as well as expanding economic opportunities, principally for low- to moderate-income persons. Lehigh County CDBG dollars are reserved for Lehigh County communities and residents living outside of the cities of Allentown and Bethlehem.

Attached please find Lehigh County’s 2018 Community Development Block Grant (CDBG) applications’ cover letter along with supporting documentation. Guidelines for completing the appropriate application forms are provided within the cover letter. The application forms are pdf fillable forms and may be found on our webpage. For your convenience,
here is a link to the webpage: https://www.lehighcounty.org/Departments/Community-Economic-Development/CDBG-Grant-Application. The 2018 CDBG application forms, documents and upload functions will be available by close of business on Monday, February 26, 2018.

For those applicants considering a construction project, please be sure to perform an adequate amount of due diligence to propose an accurate work scope and project footprint within your application. Lehigh County realizes that applicants wish to keep expenses low at the time of application, but we ask that an engineer be consulted when determining a project’s scope and footprint. After Lehigh County announces the project awards (May), please do a thorough analysis of the project to determine any necessary changes. Any modification to the project which changes the scope, impact and/or location, must be presented to Lehigh County prior to the initiation of the environmental review process (late August). Should there be additional modifications reported after August, the environmental review will need to be modified, which will significantly delay your project. For projects funded with 2018 CDBG or after, environmental reviews, once complete, will not be modified until the following year.

Applications are due by 4:00pm EST on April 13, 2018. Applications can be uploaded via the Lehigh County Department of Community & Economic Development webpage on Lehigh County’s website. Applications may also be mailed or delivered by courier to my attention. Applicants must submit 5 copies plus one original of the entire proposal. No binders, please.

Public hearings are scheduled for March 15, 2018 at 5:30pm and March 21, 2018 at 2:00pm. Both hearings will be held in the Public Hearing Room in the Lehigh County Government Center. These public hearings are held to hear the needs of applicants and the general public. Applicants are able to discuss project ideas, voice local priorities, and receive guidance on project administration. Attendance by applicants is suggested but not mandatory.

If you should have any questions, please do not hesitate to contact me. Thank you.

Discuss Project Ideas
March 26, 2018 PUBLIC HEARING NOTES:

The public hearing was opened at 5:30pm with two people in attendance from the public.

Stacy C. Milo, CDBG Program Coordinator, discussed HUD’s budget year versus the County’s Budget Year and CDBG Program Year, what dollar amount of entitlement the County estimates receiving for PY 2018-2019, and why the County estimated an amount of entitlement. Also discussed was the application deadline of April 13, 2018 by 4pm in the County’s office and not based on a post-marked date and the ways to submit an application.

Review of items on the CDBG Grant application webpage on the Lehigh County website occurred, including review of the newly added “Quantifiable Increase for Public Services” document, the two application forms that are now fillable pdf documents, the national objective and eligible activity documents, the Consolidated Plan goals document, and the low- to moderate-income listing of census tracts and block groups. Lehigh County’s Annual Plan Process Guidelines were also referred to and recommended to be read.

Also discussed was how a new public service program is different than an existing public service program in its allowable funding amount, how an existing program may request additional funding compared to the previous year and what the program would need to show, discussed how specific Con. Plan goal of “Housing” for new construction is not listed, explained Public Service section of the Annual Plan Process Guidelines regarding 15% cap, explained the timeline for the CDBG Annual Funding process including the mandatory Fair Housing training on April 5th for those applicants whose application involve housing, and alerted attendees to be aware of the upcoming Con. Plan creation process for the County’s next Con. Plan.

A representative from CACLV asked if soft costs/pre-development costs for new construction of 3-7 units of affordable housing in Lehigh County would be an eligible use of CDBG dollars. The project has already received Lehigh County AHTF dollars for acquisition costs. Ms. Milo said that new construction of affordable housing is not listed in the County’s Con. Plan goals and planning costs are not funded.

Finally, the next public hearing #1 on March 29 at 2pm was discussed as well as the July 18, 2018 public hearing #2. The hearing ended at 6:00pm.

March 29, 2018 PUBLIC HEARING NOTES:

The public hearing was opened at 2:00pm with six people in attendance from the public.

Stacy C. Milo, CDBG Program Coordinator, discussed what dollar amount of entitlement the County estimates receiving for PY 2018-2019 and why the County estimated an amount of entitlement. Also discussed was the application deadline of April 13, 2018 by 4pm in the County’s office and not based on a post-marked date and the ways to submit an application.

Plan creation process for the County’s next Con. Plan.

A representative from ABC asked if an elevator in a building for low-income seniors in Slatington would be an eligible project. Ms. Milo stated that it would be an eligible cost but would probably require paying federal prevailing wage rates for the project. A representative from Fountain Hill asked about when a project is delayed and how that would affect the funding. Ms. Milo asked if the project could be phased over the course of multiple years to avoid “tying up” CDBG funds.

Finally, the remaining steps to the Action Plan process were discussed. The hearing ended at 2:03pm.

July 18, 2018 PUBLIC HEARING NOTES:

The public hearing was opened at 12:02PM.

There were four attendees, representing Lehigh Valley Center for Independent Living (LVCIL), New Bethany Ministries, and Alliance for Building Communities.

The specific items discussed included:

The allocation for CDBG from HUD for Fiscal Year 2018 is expected to be $1,227,196.00. The purpose of the public hearing is to review the allocations proposed for FY 2018. The allocation will be split into administration, construction projects, and public services. Public services are restricted to a cap of 15%. Public service requests exceeded the 15% cap and the proposed allocations are less than the total requested. The list of suggested allocations to applicants was distributed to attendees as well as an explanation of quantifiable increase used to determine awards for public service requests for increases to their allocations from the previous year and the explanation of the system used to determine awards for construction projects. The suggested allocation amounts were presented. The remaining schedule for the FY 2018 CDBG process was reviewed. The proposed allocations will be presented to the County’s Commissioners for their approval prior to the FY 2018 Action Plan being submitted to HUD on or about August 15, 2018. Comments are welcome and due by that date.

One of the attendees from LVCIL, Greg Bott, asked about the municipalities’, in Lehigh County, need for assistance in ensuring that their curb cuts/ramps are installed correctly. LVCIL has not been contacted since the County staff met with him regarding this matter despite the County’s effort of contacting all its municipalities by email, informing them of the services provided by LVCIL. Mr. Bott also asked what would occur if the County would receive less than the expected entitlement amount. Ms. Milo said that the proper process that is observed according to HUD regulations would be observed; this would include budget revisions by the County Commissioner’s and notifications in writing to the applicants.

The meeting was closed at 12:20PM.
