NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Organization and Purpose

The Organization, which was established in 1959, operates a museum with the affiliation of Zion's Reformed United Church of Christ in Allentown, Pennsylvania where the infamous Liberty Bell was once hidden from the British during the Revolutionary War. The museum educates the general public of the awareness of this historic event by offering tours of its facilities. The museum displays artifacts and sells books and memorabilia on the history of the Liberty Bell.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, whereby revenues are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. This basis differs from generally accepted accounting principles primarily because the Organization has not recognized accounts payable to vendors and its related effects on its net change in net assets in the accompanying financial statements. The Organization has elected to record its investments at fair market value.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its statement, Financial Statements of Not-for-Profit Organizations. Under the standard, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions, which may be designated for specific purposes by the Organization or may be limited by contractual agreements with outside parties; and net assets with donor restrictions, which are subject to donor stipulations that expire by the passage of time or can be fulfilled or removed by actions pursuant to the donor stipulations.

Cash and Cash Equivalents

For purposes of the financial statements, the Organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. The Organization places its cash in high credit quality institutions.

See independent accountant's compilation report.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b) (1) (A) and has been classified as an organization that is not a private foundation under Section 509(a) (2).

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the statement of assets, liabilities and net assets. Unrealized gains and losses are included in the change in net assets in the accompanying statement of revenue, expenses and other changes in net assets. Investments are composed of publicly traded mutual funds and money market accounts and are carried at fair value.

Contributions

Contributions are recorded as revenue at their fair value in the period received. Amounts received that are designated for future periods or restricted by donor for specific purposes are reported as support with donor restrictions. When a donor restriction expires, net assets with donor restrictions are reclassified to net assets released from donor restrictions. Restricted contributions for which donor restrictions are met in the same period as received are reported as revenue without donor restrictions.

Property and Equipment

Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value at the time of the donation. Such donations are reported as contributions without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Property and equipment is depreciated using the straight-line method over the assets' estimated useful lives.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

See independent accountant's compilation report.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Expense Allocation

The costs of providing program service and other activities have been summarized on a functional basis in the statement of revenue, expenses and other changes in net assets. Accordingly, certain costs have been allocated among the program and supporting services benefited. Those expenses include payroll costs, depreciation, insurance and other various costs. Payroll costs are allocated based on time and efforts studies of the Organization’s employees. Depreciation is allocated based on square footage estimates of their building of operations. Insurance is allocated based on the estimated effective usage of their policies. Other various costs are allocated based on estimates or actual use across each of the three classifications.

Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels to measure and report instruments.

Level 1 inputs consist of quoted prices in active markets for identical assets as of the reporting date. These instruments include listed equity and debt securities publicly traded.

Level 2 consists of pricing inputs other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 consists of pricing inputs that are unobservable and include situations where there is little, if any, market activity for the instrument. The inputs into the determination of fair value require significant management judgment or estimation.

Accounting for Uncertainty in Income Taxes

The preparation of the financial statements in conformity with the modified cash basis requires the Organization to report information regarding its exposure to various tax positions taken. Management has performed their evaluation and believes there are no unrecognized tax positions that are required to be disclosed. The Organization’s policy is to classify income tax related interest and penalties, if any, in interest expense and other expenses, respectively.

See independent accountant’s compilation report.

Note 4 – INVENTORY

Inventory is comprised of souvenirs and books that are sold through the Museum gift shop and is valued at the lower of cost or net realizable value. The inventory is comprised of items relevant to the Revolutionary War era and other historically significant periods in United States history.

Note 5 – NET ASSETS WITH DONOR RESTRICTIONS

All of the restrictions on net assets at the end of 2020 and 2019 are related to funds raised through either the Museum Development Campaign, a drive to raise funds to restore certain areas of the Museum, or grants received for the education program. Net assets with donor restrictions are available for the following purposes:

	<u>2020</u>	<u>2019</u>
Education program fund	\$ 12,165	\$ 15,906
Museum restoration fund	<u>16,550</u>	<u>16,550</u>
	<u>\$ 28,715</u>	<u>\$ 32,456</u>

Net assets were released from donor restrictions by incurring expenses satisfying the purpose specified by donors as follows:

	<u>2020</u>	<u>2019</u>
Education program	\$ 9,241	\$ 5,000
Museum restoration	<u>-</u>	<u>27,313</u>
	<u>\$ 9,241</u>	<u>\$ 32,313</u>

Note 6 – CONTRIBUTED SERVICES

A number of unpaid volunteers have made significant contributions of their time to develop the Organization’s ideas, principally in development and organizational duties. No amounts have been recognized in the accompanying statement of revenue, expenses and other changes in net assets because the criteria for recognition of such volunteer effort has not been satisfied.

See independent accountant’s compilation report.

LIBERTY BELL SHRINE OF ALLENTOWN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 7 – RISKS AND UNCERTAINTIES

The Organization invests in various investment funds. These investment funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is a least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect the amounts reported in the statement of assets, liabilities and net assets.

A significant amount of the Organization’s revenue and support is provided by the general public in the form of donations. It is always considered reasonably possible that benefactors, grantors or contributors may be lost in the near term.

Note 8 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Organization’s financial assets available within one year of the statement of assets, liabilities and net asset date for general expenditures are as follows:

Cash and cash equivalents	\$ 143,629
Less: donor-restricted monies	<u>28,715</u>
Amount available	<u>\$ 114,914</u>

As part of the Organization’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

The Organization’s working capital and cash flows have seasonal variations during the year attributable to the annual cash receipts from revenue items.

The Organization’s has a long-term investment plan and its investments would only be available to cover general expenditures on an emergency basis.

The Organization’s donor-restricted net assets are not available for general expenditures.

Note 9 – RELATED ORGANIZATION

A related tax-exempt organization, Zion Reformed UCC which is a religious organization, has members of its congregation on the Board of Directors of Liberty Bell Shrine of Allentown. Currently, bylaws of Liberty Bell Shrine of Allentown require that 50% of its members are from the congregation.

The Organization is located in the lower level of Zion Reformed UCC and it reimburses the Church for office expenses and facility fees for museum programming that takes place using church rooms. The expenses are approved on an annual basis subject to prospective usage of the facilities.

See independent accountant’s compilation report.

DECEMBER 31, 2020 and 2019

Note 10 – SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions through May 5, 2021, the date on which the financial statements were available to be issued.

Note 11 – SIGNIFICANT UNCERTAINTY

The COVID-19 outbreak in the United States and world wide has caused business disruption through mandated and voluntary closings. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings. The related financial impact and duration cannot be reasonably estimated at this time.

See independent accountant's compilation report.
