

COUNTY OF LEHIGH, PENNSYLVANIA - LOW/MOD INCOME DATA

Effective 04/01/2019

All highlighted block groups are considered by HUD to be LMI. Area benefit activities within LMI block groups must benefit the majority of the block group residents in order to meet the area benefit national objective.

Applicants proposing area benefit activities which will occur in non-LMI block groups must prove that at least 51% of the beneficiaries are LMI via income survey. Removal of architectural barriers projects automatically meet a national objective; does not need to be in an LMI area. Please contact Lehigh County to discuss an area benefit activity prior to application submittal, regardless of whether or not the activity is located within an LMI block group.
