

## Addendum

The Ortiz Ark Foundation is a newly established 501C3 therefore we do not have financial records. Although we have been established and doing the work since 2011, we have recently decided to become an official organization broadening ourselves to the community.

We do not have any salaried employees. The Executive Director donates and compensation back into to the organization and programming. All grants and donations go directly into developing programs and making them as successful as possible to better the community.

\*Our organization was established officially in 2020 and self-funded for the majority of 2020, we received 1 grant from Lehigh County for Covid 19 therefore we do not have audited financial records.

### **Funding Sources**

We have currently received YTD.

- United Way \$9000 received

We have applied for.

- Just Born \$2500
