**PR-10 Consultation - 91.100, 91.200(b), 91.215(l)****1. Introduction**

Lehigh County held a series of meetings and interviews with non-profits, the Lehigh County Housing Authority, local housing providers, social service agencies, community and economic development organizations, the local Continuum of Care members, County department representatives, and representatives of the municipalities within Lehigh County. An online survey was created for stakeholders and residents to complete, which identified needs, gaps in the system, and programmatic goals for the next five years. Input from the meetings and surveys were used in the development of specific strategies and priorities for the Five Year Plan.

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

Lehigh County works with the following agencies to enhance coordination:

- **The Lehigh County Housing Authority** – Improvements to public housing communities.
- **Social Services Agencies** – funds to improve services to low and moderate income persons.
- **Housing Providers** – funds to rehabilitate and develop affordable housing and provide housing options for low- and moderate-income households.
- **Community and Economic Development Agencies** – funds to improve services to low and moderate income persons.
- **Municipalities** – funds for infrastructure improvements, public facilities, and demolition.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness**

The CoC addresses the needs of homeless persons and persons at risk of homelessness through the Connect To Home: Coordinated Entry System of Eastern PA (CES). CES is accessible through a call center operated by PA 2-1-1 and there are seventeen (17) CES access sites across the CoCs five (5) regions that provide in-person screenings and referrals. CES has access to translation services and assessment tools in English and Spanish. Community outreach to vulnerable populations is also conducted by CES. Persons referred to intake points are assessed with the VI-SPDAT assessment system. Based on a person's VI-SPDAT score, the person referred to CES will then be enrolled in either a Rapid Rehousing or Permanent Supportive Housing program. Risk factors for homelessness include institutional discharge without a home plan, foster care youth, the loss of employment, or families with young children.

The Point in Time Counts for the sheltered and unsheltered homeless population are completed on a designated date twice a year in the months of January and July. The collected data is forwarded to the firm of Diana T. Myers and Associates, Inc. The results of the counts are available in the state PAHMIS

system for approved users. The public can access the information through the HUD website and the Housing Alliance of Pennsylvania website.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS.**

**ESG** – ESG funds for member counties and cities in the Eastern PA CoC are administered through the Pennsylvania Department of Community and Economic Development (DCED) and through the City of Allentown. The CoC is consulted by DCED regarding past program performance and involvement of ESG applicants. The CoC provides input on the allocation of ESG funding to subrecipients, through a “Performance Interview Planning Checklist” that was developed as a standardized tool for CoC input on applicant capacity and participation in the CoC. A representative of the City of Allentown’s ESG program attends meetings of the Lehigh Valley Regional Homeless Advisory Board (RHAB) to coordinate the provision of services.

**Develop Performance Standards and Evaluate Outcomes** – 100% of CoC-funded projects operate using a Housing First approach, per CoC policy. The CoC provides multiple training opportunities to ensure that staff understand trauma-informed care, harm reduction, and the Housing First approach. The Eastern PA CoC has finalized a new monitoring plan that will implement goals through the CoCs Data Committee. Board members of the CoC will evaluate each applicant’s performance and participation in the CoC through a standardized checklist with scores and rankings. The Eastern PA CoC performs quarterly evaluations for ESG and CoC funded projects. Performance data generated through HMIS is also used in evaluations. Performance standards incorporate the Coordinated Entry process and the HMIS data of individuals to determine if CoC strategies are implemented effectively.

**HMIS** – Throughout different times of the year, the CoC and the HMIS lead work together to assess data quality throughout the CoC. This includes working on the Annual Homeless Assessment Report (AHAR) submission, the PIT count, project review/ranking, and working with the individual programs while completing their Annual Performance Reports (APRs). The Commonwealth of Pennsylvania’s Department of Community and Economic Development is the lead for HMIS data for the Eastern PA CoC. HMIS Data is combined with data from the Coordinated Entry queue to properly assess both projects and service provisions. ETO, the software system utilized by those that provide shelter to domestic service providers, is also utilized in conjunction with HMIS for the homeless population.

**2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities**

**Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(I))**

Lehigh County's Department of Community and Economic Development is the administrating agency for the CDBG program. Close coordination is maintained with other County departments such as the Public Works, Parks & Recreation, Administration, Emergency Management, Lehigh County Housing Authority, the Eastern PA Continuum of Care, and the Lehigh Valley Planning Commission, as well as local municipalities such as Coopersburg, Slatington, Macungie, Alburtis, and Coplay Boroughs and Salisbury Township. Coordination with various non-profit organizations, such as Lehigh Valley Conference of Churches, North Penn Legal Services, Valley Youth House, Catholic Charities, Turning Point of the LV, and Casa Guadalupe Center helped aid the planning process which developed priorities. The County works closely with the Lehigh County Commissioners and County staff to address projects and activities that extend between multiple municipalities within the County.

DCED has developed an evaluation checklist for ESG applicants to determine funding based on priorities. The CoC partners with the City of Allentown, the other ESG recipient in Lehigh County, to coordinate funding. The City of Allentown sends a representative to the meetings of the Lehigh Valley Regional Homeless Advisory Board (RHAB) where CoC funding is determined based on performance data and CoC priorities.

**Narrative (optional):****AFH Specific:**

Lehigh County previously prepared an Analysis of Impediments to Fair Housing Choice in 2009. On July 16, 2015, the U.S. Department of Housing and Urban Development (HUD) published its final rule on Affirmatively Furthering Fair Housing. This rule attempted to establish a standardized process for fair housing planning and so the County began the process of preparing an Assessment of Fair Housing (AFH) in the summer of 2017. However, HUD announced on Friday, May 18, 2018 that it would be suspending the implementation of the AFFH Rule, withdrawing the AFH Tool, and requiring communities to revert back to the Analysis of Impediments to Fair Housing Choice (AI) due to deficiencies in the requirements, information available, and public participation.

Therefore, Lehigh County has prepared this 2018-2022 Analysis of Impediments to Fair Housing Choice (AI) in cooperation with the Lehigh County Housing Authority. The AI was approved by the County and submitted to HUD on February 28, 2019. The findings produced through this analysis will be further addressed in the County's FY 2019-2023 Five Year Consolidated Plan. To complete the AI, Lehigh County and the Lehigh County Housing Authority conducted research through regional studies and held in-person meetings and phone interviews. All agencies consulted for the Five Year Consolidated Plan were consulted for the AI, including additional organizations such as: the Allentown Housing Authority, Greater Lehigh Valley Realtors, Fulton Mortgage, Hispanic American Organization, Housing Association Development Center, Housing Equality Center, LANta, New Bethany Ministries, Northwestern School District, QNB Bank, and the Lehigh County Community College.

## **PR-15 Citizen Participation**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

Lehigh County has followed its adopted Citizens Participation Plan to develop its Five Year Consolidated Plan.

The FY 2019-2023 Consolidated Plan and FY 2019 Annual Action Plan have many components that require and encourage citizen participation. These components consist of the following: interviews and roundtable discussions with various stakeholders; telephone interviews; a public needs hearing; and a public hearing to gather comments on the draft plan on public display. The County also developed a survey to obtain resident input. The Survey was made available in an online version on the County's website and in a hard copy version available in the Lehigh County Government Center, Lehigh County Housing Authority's communities, and other public facilities. The County received 102 completed surveys. All of these comments are included in the Consolidated and Annual Action Plan in the Exhibit Section. Through the citizen participation process, the County uses citizen input to develop how the plan would best serve the low- and moderate-income population and to reach the goals set forth in the Five Year Consolidated Plan.

## Needs Assessment

### NA-05 Overview

#### Needs Assessment Overview

Lehigh County used the HUD Comprehensive Housing Affordability Strategy (CHAS) data, which provides statistical data on housing needs, to prepare its estimates and projects. The tables in this section have been prepopulated with HUD data sets, based on the American Community Survey (ACS) 2011-2015 Five Year Estimates, and the 2010 U.S. Census. This data is the most current information available to assess housing needs, homeless needs, special needs, social service needs, economic development needs, etc.

Lehigh County is part of the Eastern PA Continuum of Care. Lehigh County is a member of the CoC. Data for the development for the homeless needs section was obtained from consultation with the CoC and member agencies that serve Lehigh County, such as Valley Youth House, Turning Point of the Lehigh Valley, Lehigh Valley Conference of Churches, the YMCA of Lehigh County, the Salvation Army, and Catholic Charities.

Additional needs for Lehigh County were obtained from input and interviews with various social service agencies, housing providers, County staff, and survey responses.

## NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

### Summary of Housing Needs

The population of Lehigh County is rapidly increasing. In 2010, the population of Lehigh County was 350,164 and it rose to 368,100 in 2018, which was the most recent population estimate. This is an increase of 5.1% over the last eight (8) years. The number of households in Lehigh County in 2010 was 142,812 and increased to 146,242 in 2017, which was an increase of 2.4% over the last seven (7) years. The supply of housing increased at a lower rate than the population of Lehigh County, thus contributing to the housing shortage.

Furthermore, the median income of the area increased by 20% from \$53,551 to \$56,117. This increase in median income represents a change in nominal dollars and not a change in real dollars. In order to calculate the change in real dollars, the Consumer Price Index is used to calculate the inflation rate for a given period. Between 2000 and 2015, the cumulative inflation rate was approximately 38.5%, meaning that the \$53,551.00 median income in 2000 would be \$74,168.14 if it were expressed in 2015 dollars. By taking into consideration the rate of inflation, the median income in Lehigh County has not kept up with the rate of inflation, and has actually remained stagnant since 2000.

Lehigh County became a Federal Entitlement in 2007. The County contains the entire City of Allentown, which is an entitlement community itself, and a portion of the City of Bethlehem, which is also an entitlement community. Because Lehigh County was not a Federal entitlement in the base year of 2000, its Census numbers include the other entitlement communities within the County: the City of Allentown and a portion of the City of Bethlehem while the 2015 population only includes the Lehigh County entitlement community. For this reason, Lehigh County incorrectly appears to have lost population below. However, the population and number of households recorded below for 2015 can be taken to reflect the correct population and number of households in Lehigh County outside of the City of Allentown and the portion of the City of Bethlehem in Lehigh County.

| Demographics  | Base Year: 2000 | Most Recent Year: 2015 | % Change |
|---------------|-----------------|------------------------|----------|
| Population    | 349,497         | 214,055                | -39%     |
| Households    | 129,889         | 82,875                 | -36%     |
| Median Income | \$53,551        | \$56,117               | 5%       |
